...from the **Animal Kingdom**

face your enemy with a smile on your lips

the consequence of rapturous applause  
is life as a hat

speed should conform to mental perception

even the most stable floorings  
have a limited lifespan

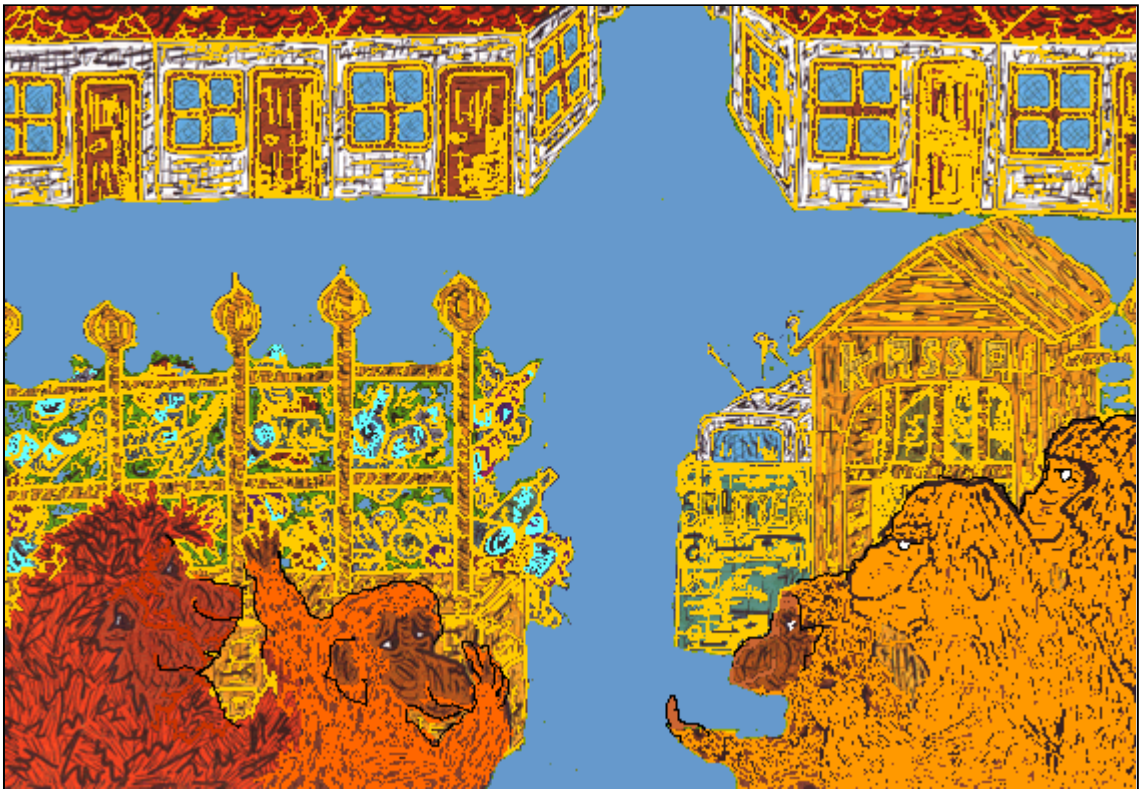

next evolution I'll report to  
the allocation of brainsize

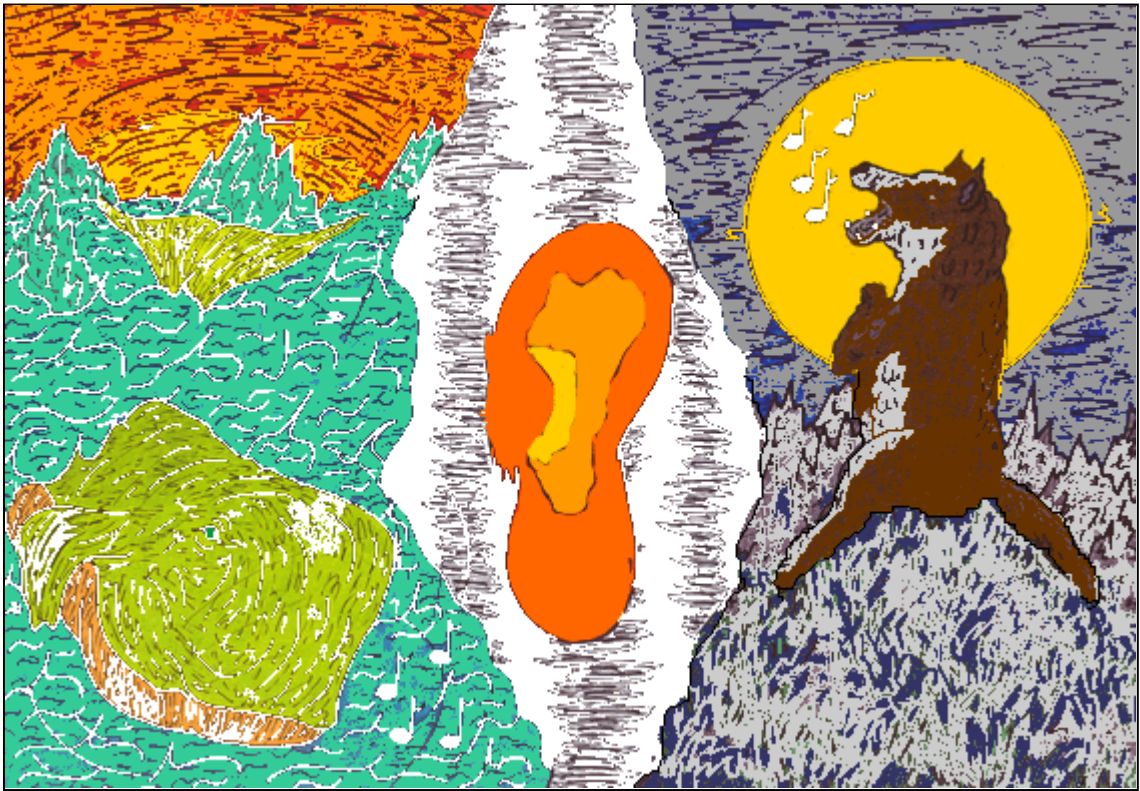

have we already sent off our letter of thanks  
to the contraceptive industry ?

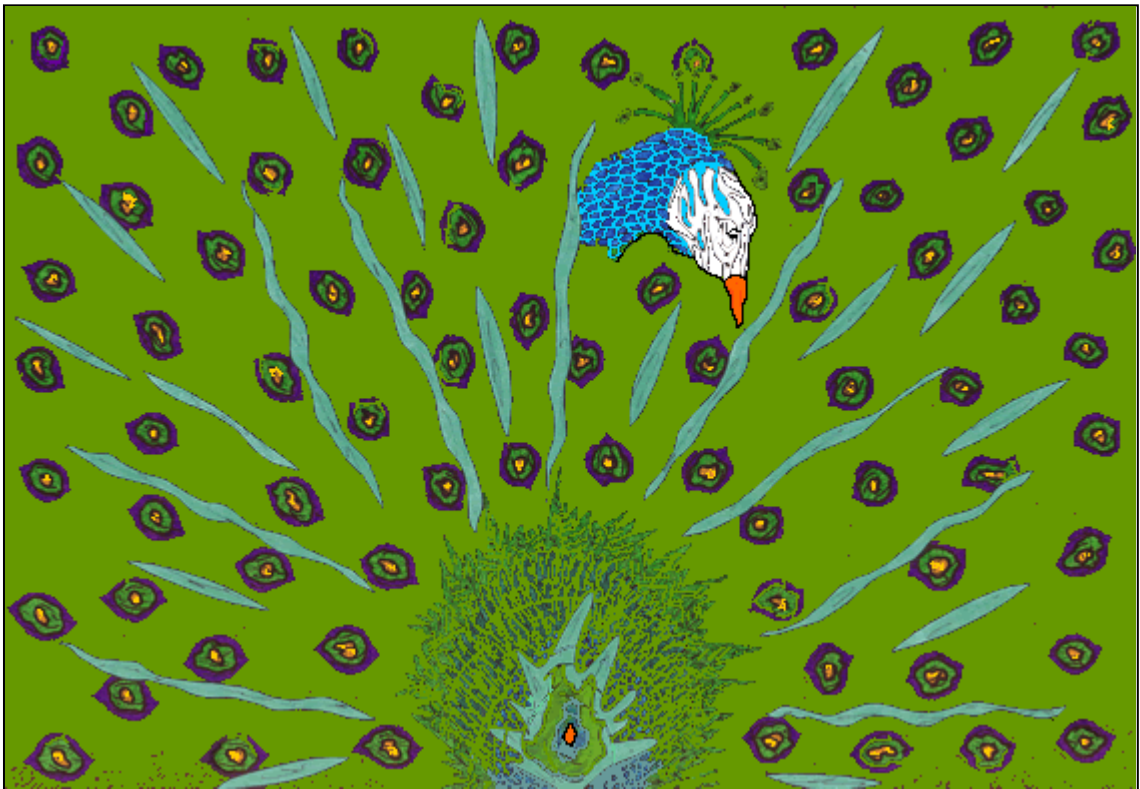

we want to counter their technical tone  
with hot primal sounds

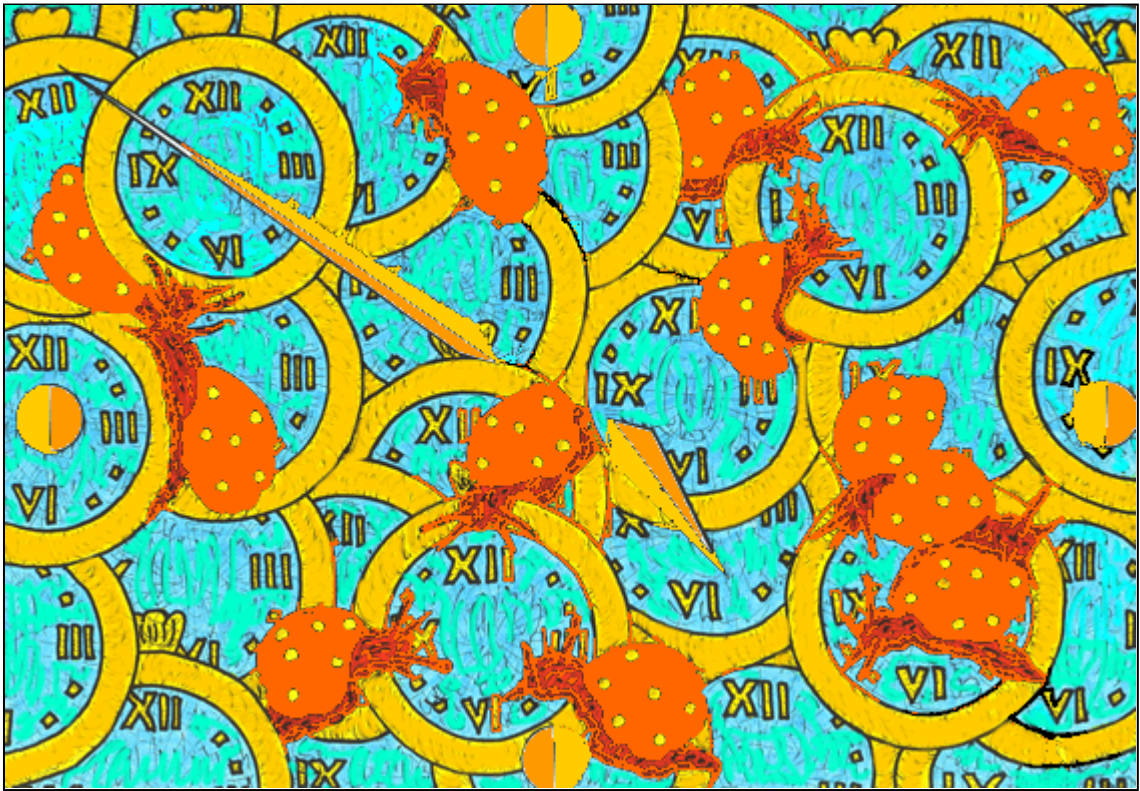

quick ... a TV break ... they're coming out soon

they don't realize,  
we're just telling each other the latest jokes

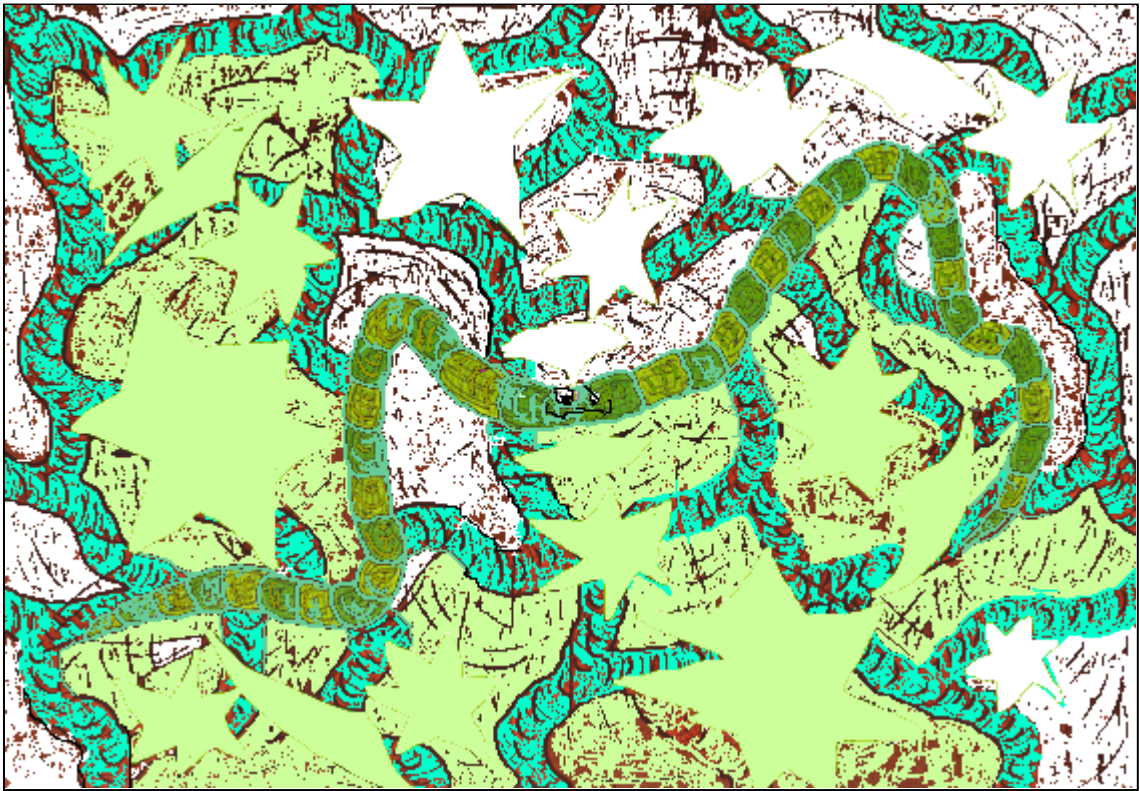

flatulence made me a star

space and time are to be explored  
relatively slowly

if they think we're paying rent for this,  
they are mistaken

what a coincidence !

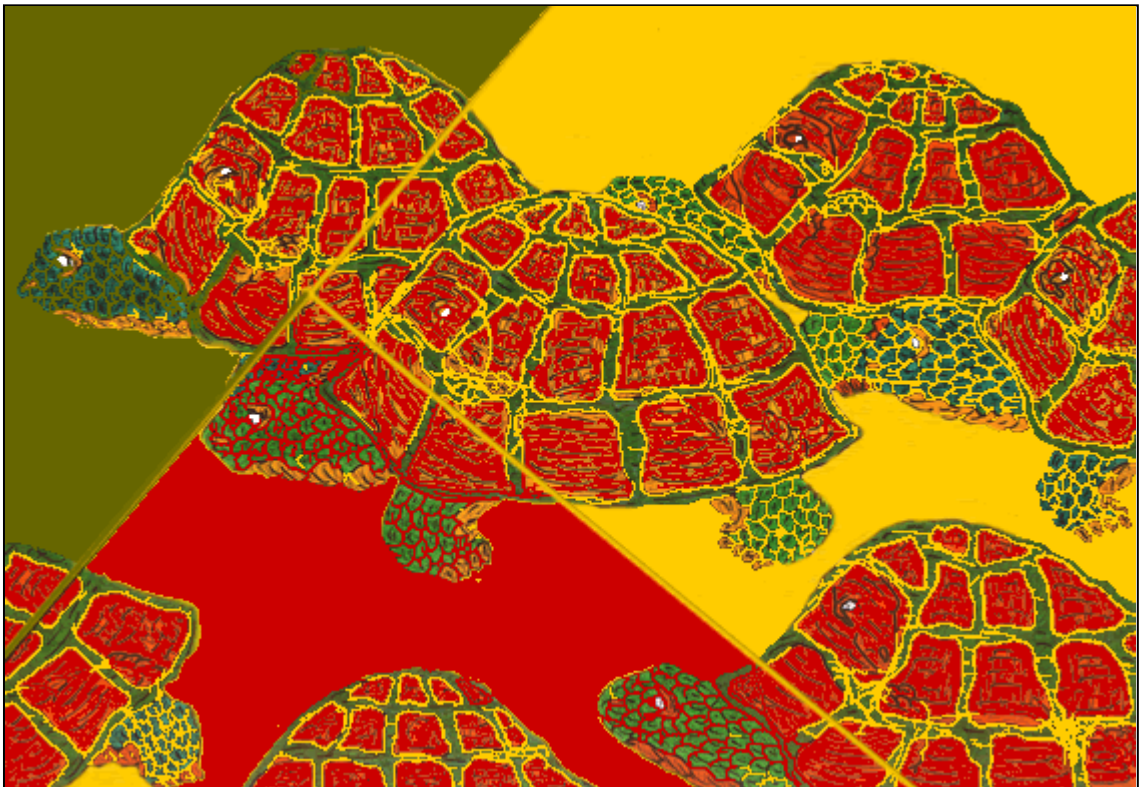

he should have considered it in the first place

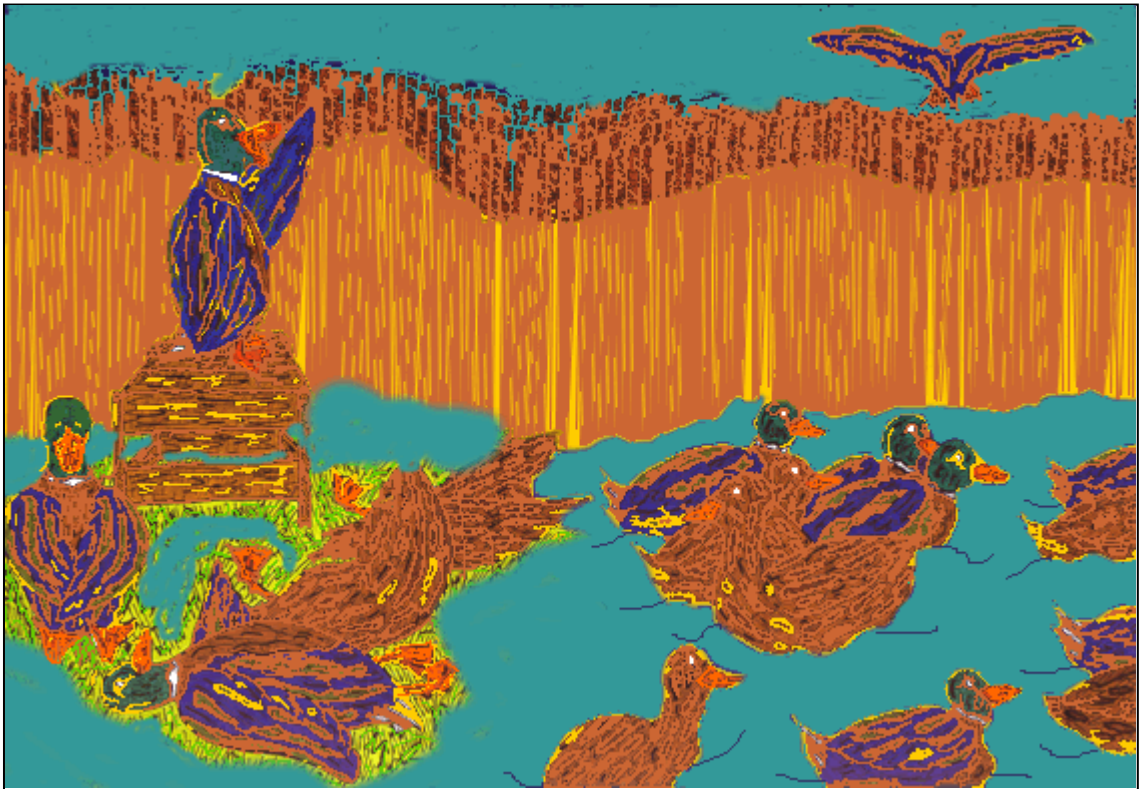

folks, life is overflown with blood

there's nothing like a well-kept inner life

think...mean...promise...my...think...promise...mean  
Superdrake

the future ... we stay being ravens .. and you?

behind it,  
there are giraffes peeping through a wall

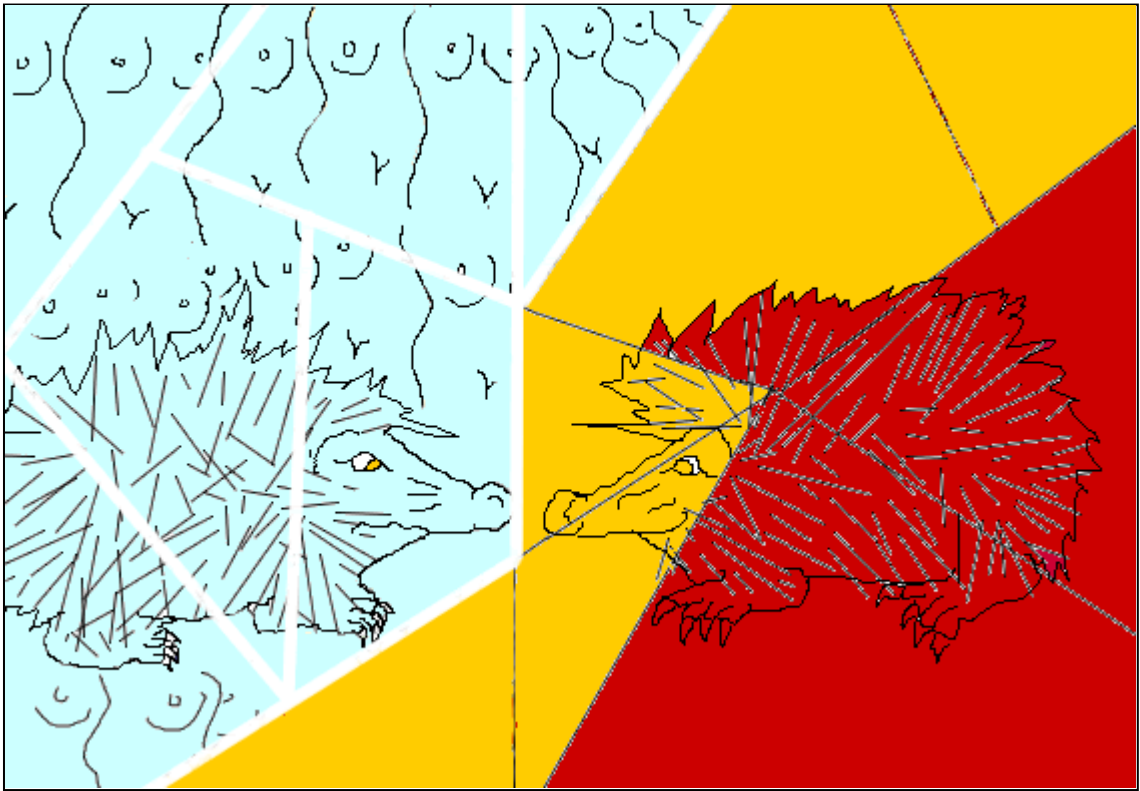

if I could choose, I'd like to be a panda

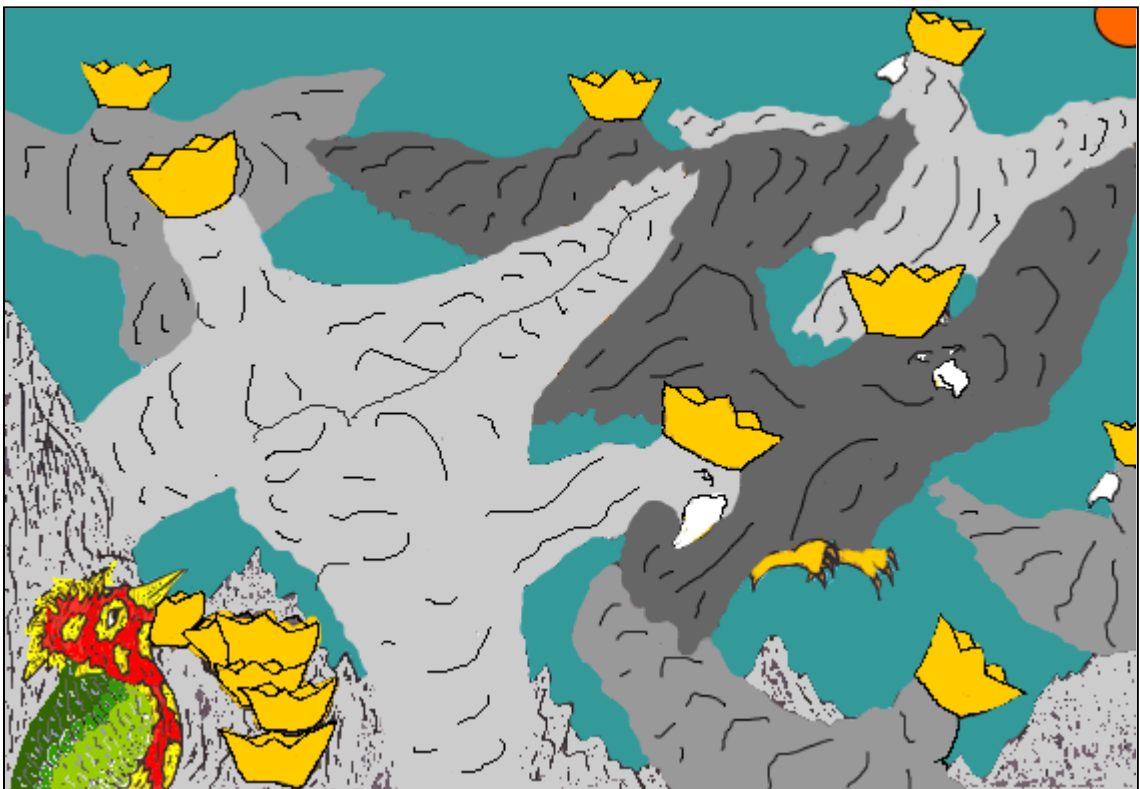

bad news are good news

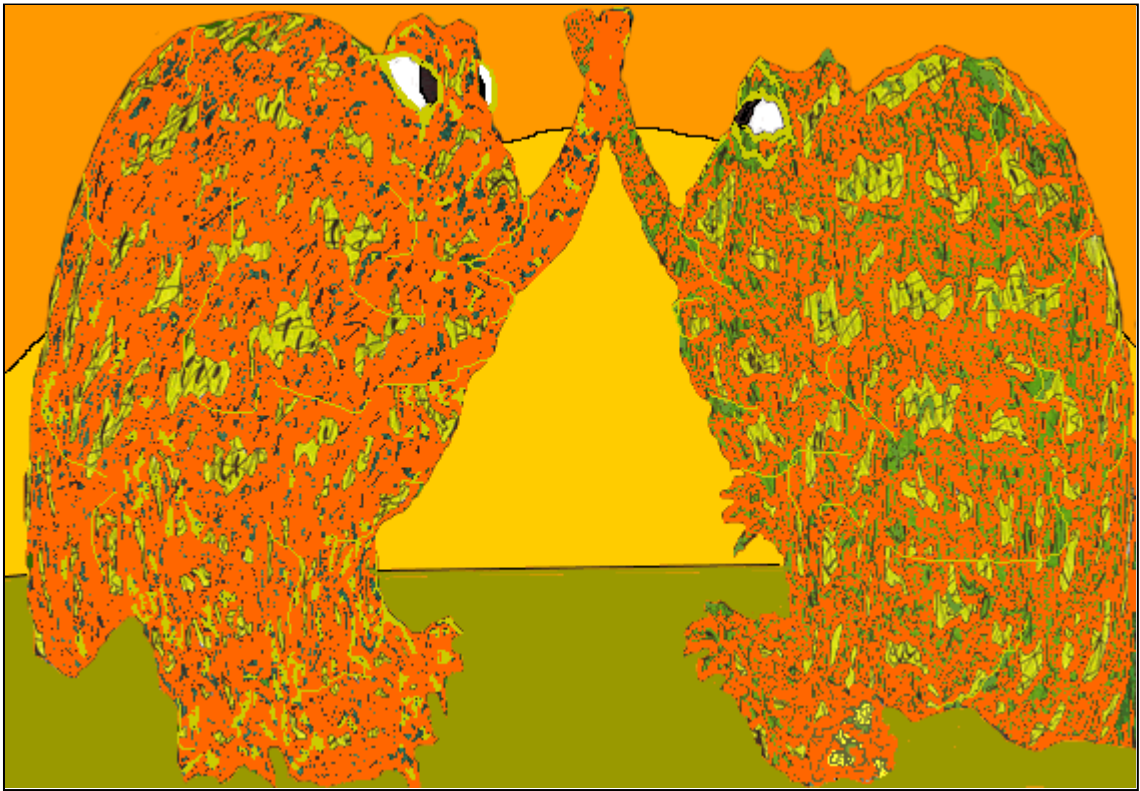

what a pity they roar japanese only

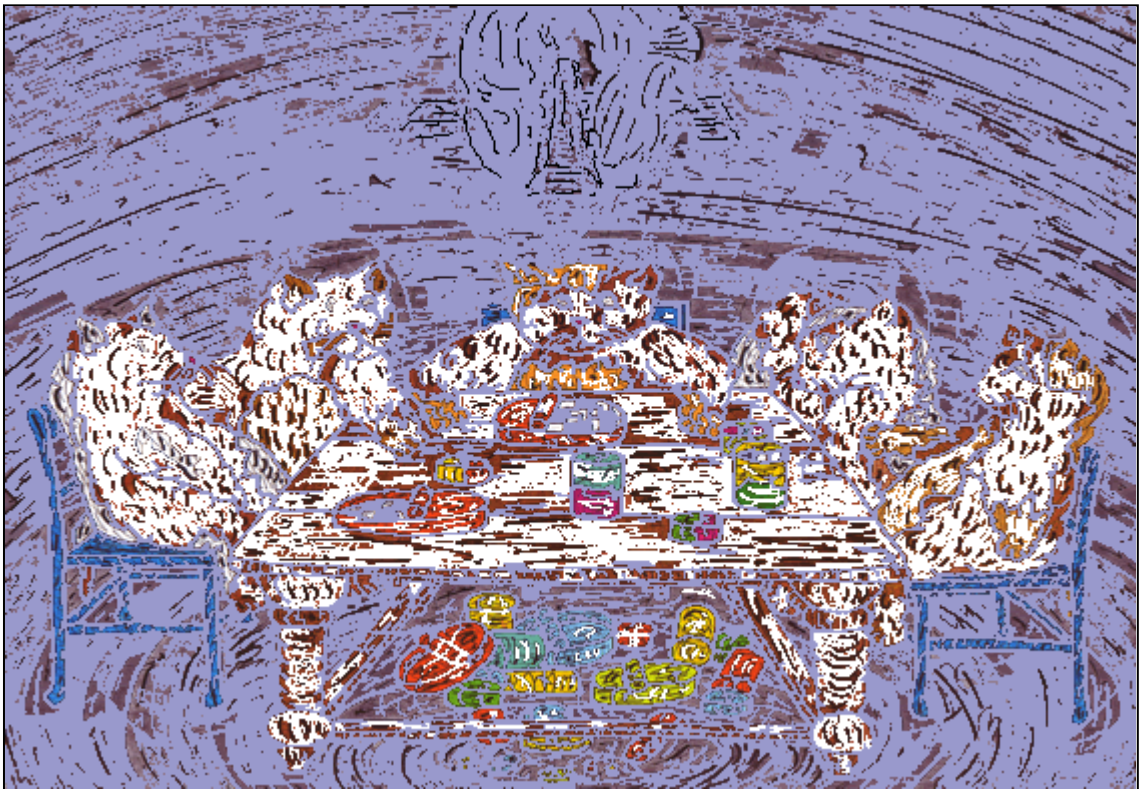

who gave me this nightmare ... I'm a hedgehog

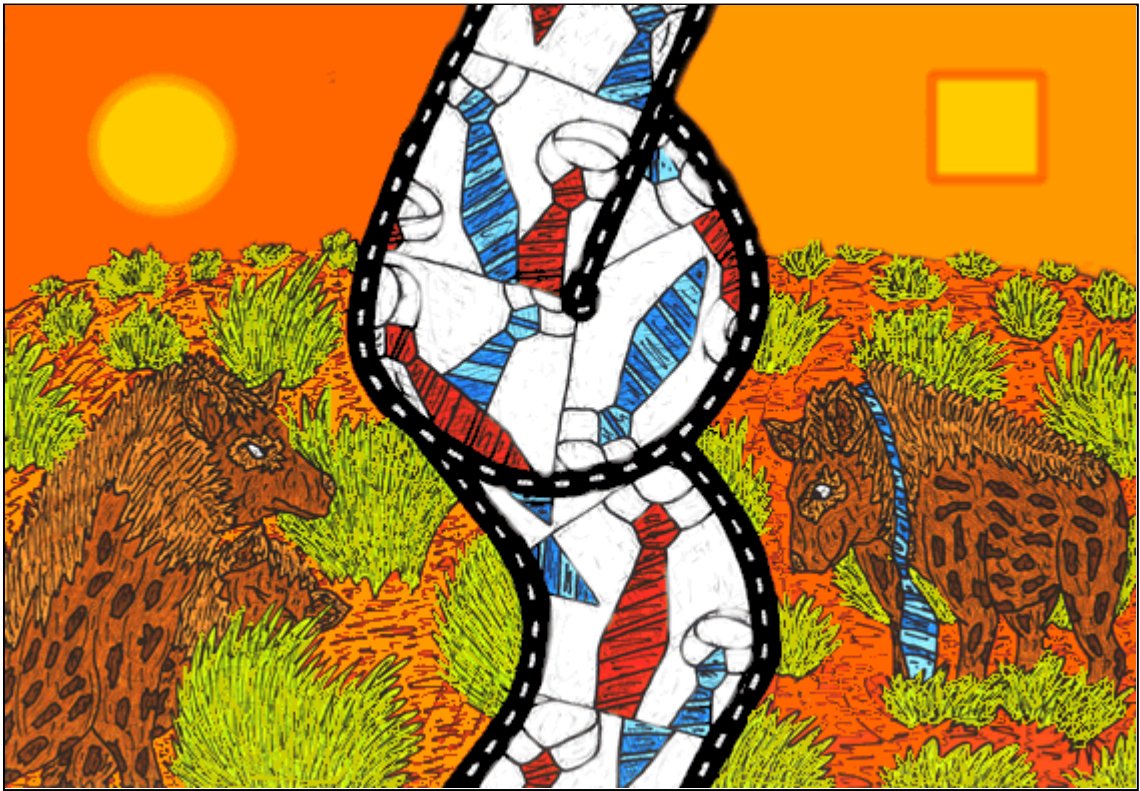

tomorrow there will be  
the adequate cloud-castles on sale

next time we kiss without tongue

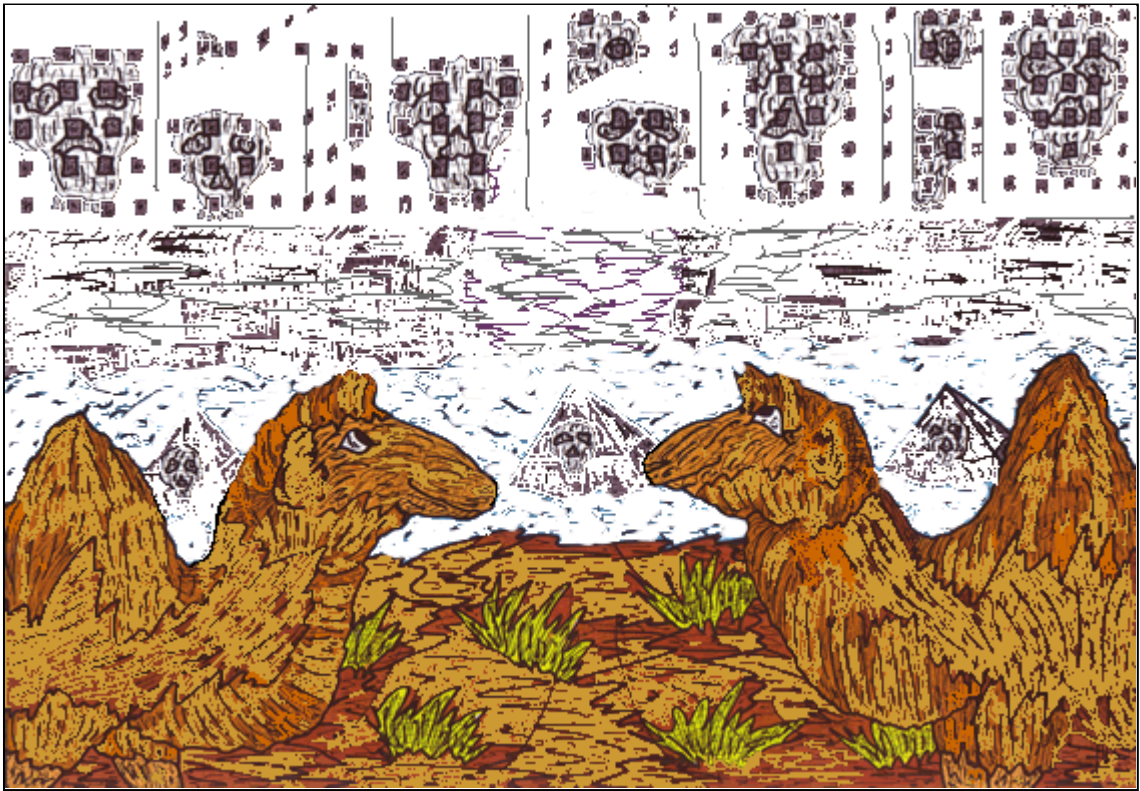

does anyone of you know what a mouse is ?

since he's eaten the manager  
he lives in a different world

good idea putting the same caps on them,  
now they're hitting each other on the head

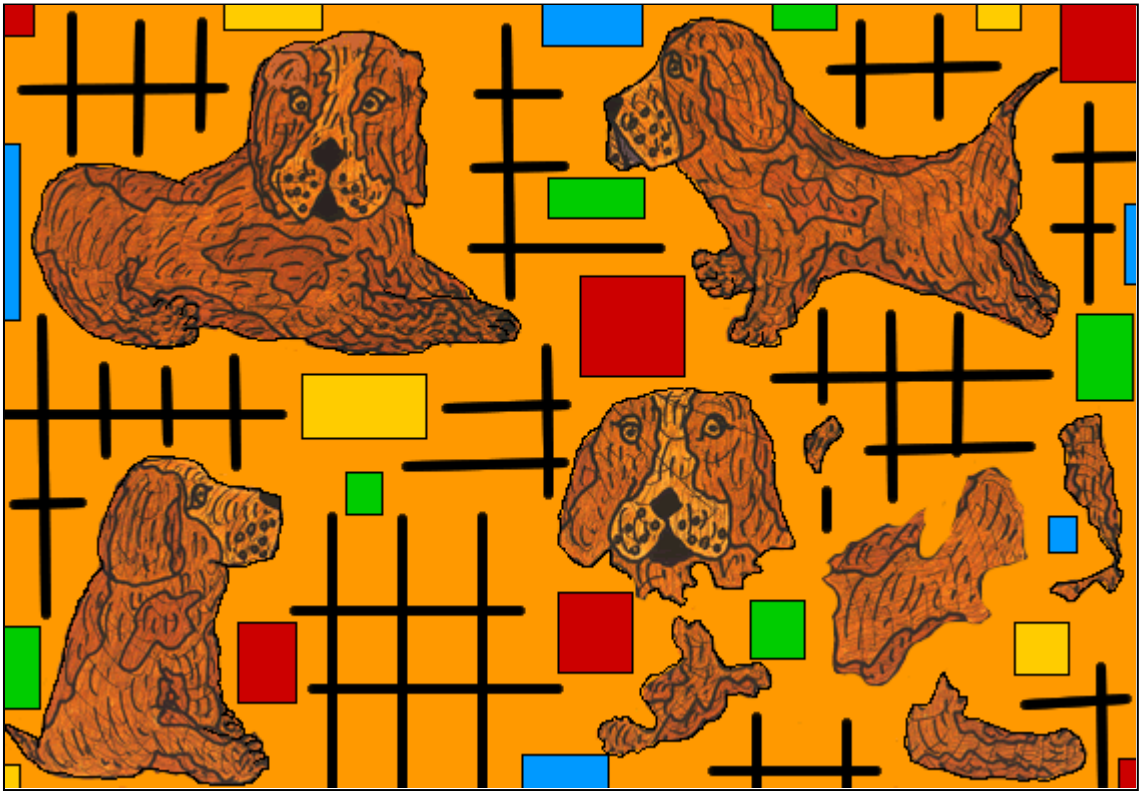

again and again they invent new cultures  
in order to go down with them

is it the meaning of life  
to jump on an island because of a toy-loco ?

I hereby demonstrate the history of a heeler

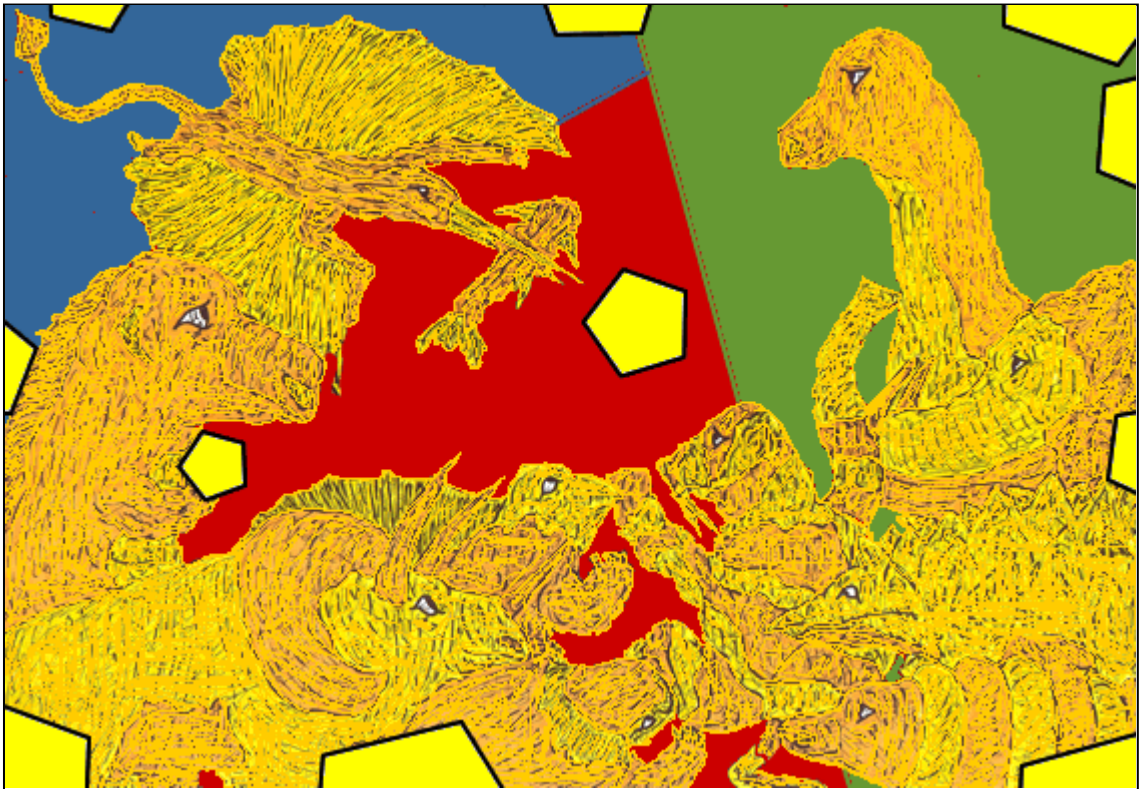

as a peace dove you failed ...  
shit on monuments again

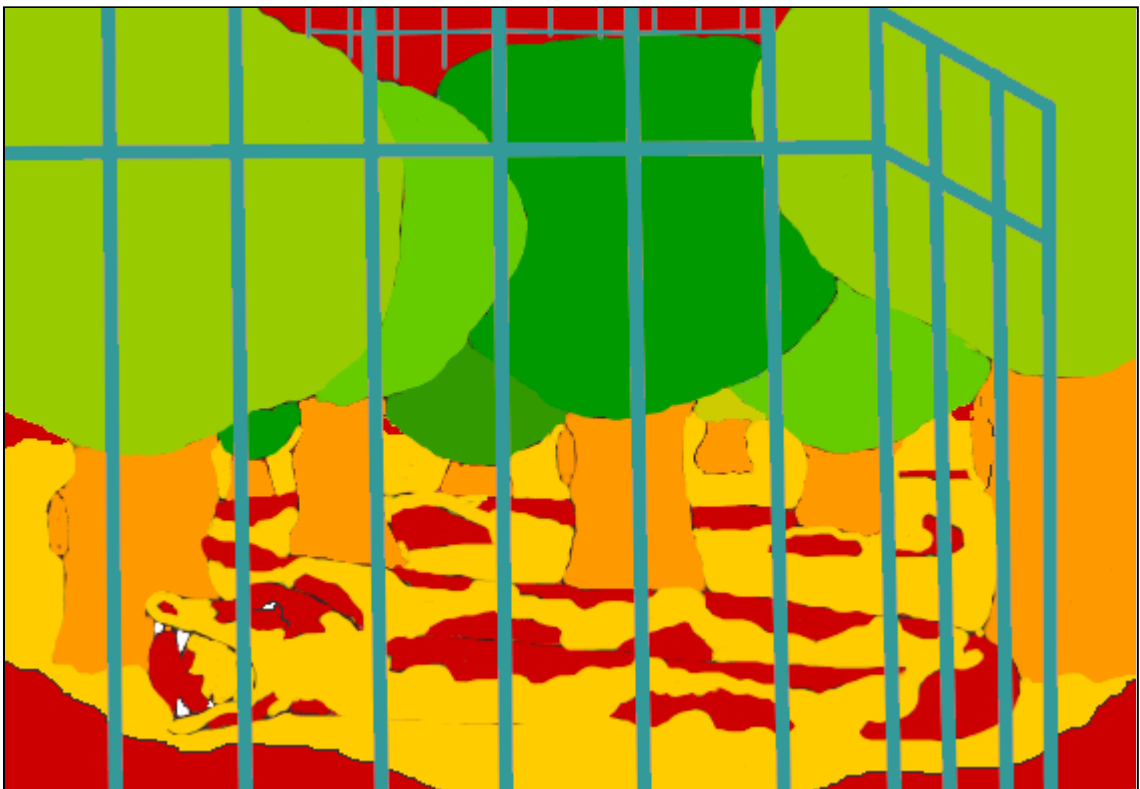

there is only one answer to all questions  
!! Rhinodung !!

last words ... found gold ... no water  
... what asses we are ...

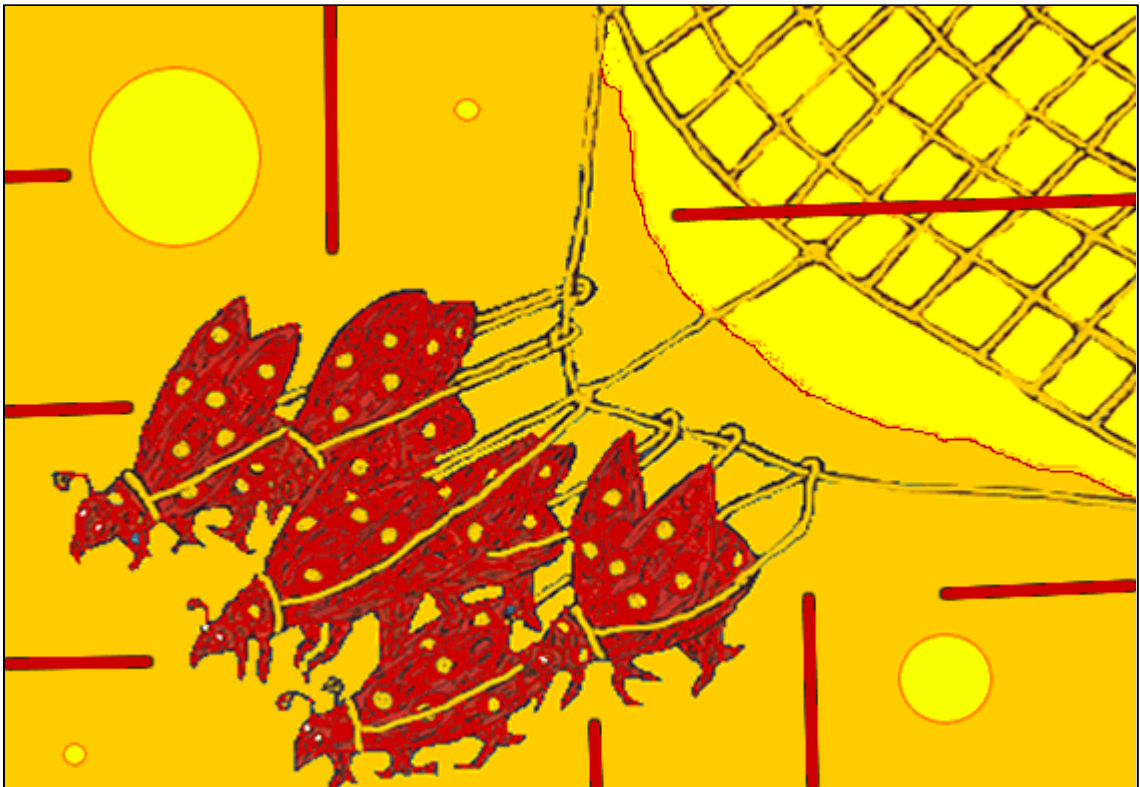

and now the highlight of the party:  
„at midnight sharp we die out“

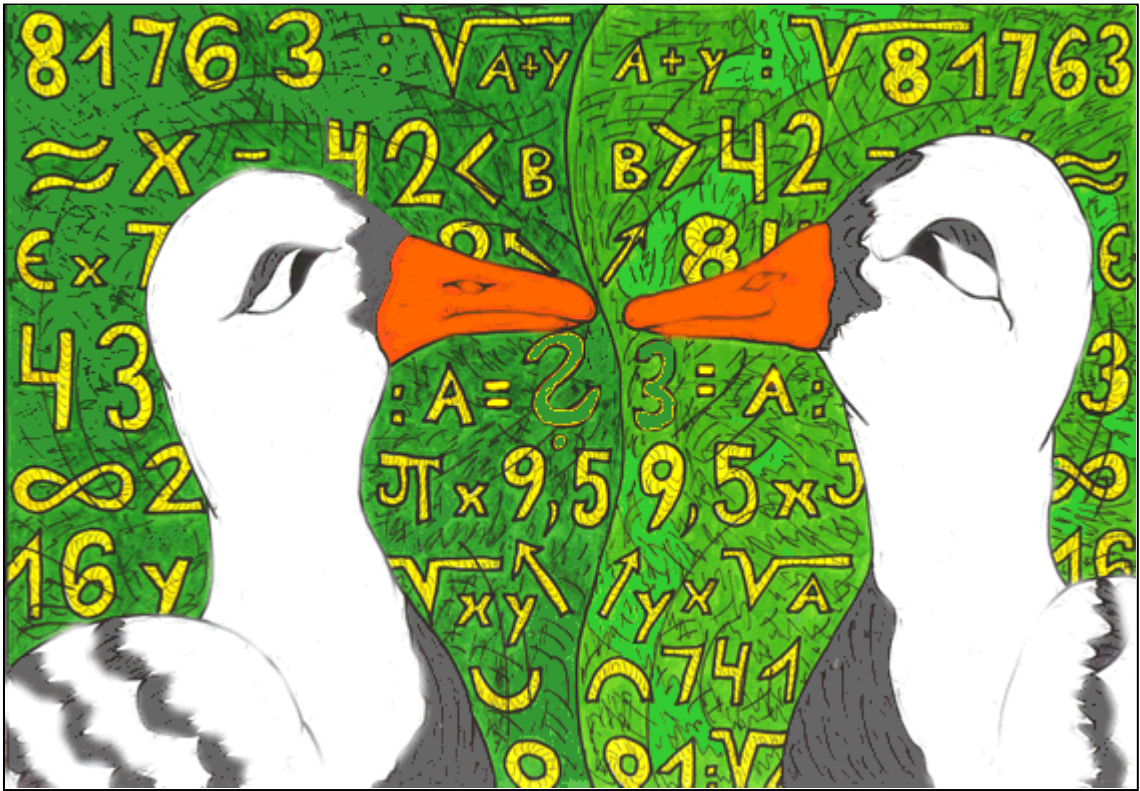

after 4 pm I eat only fruits

do we need a character system with limited possibilities for manifested articulation ?

it was a stupid idea  
to grant him a wish for his birthday

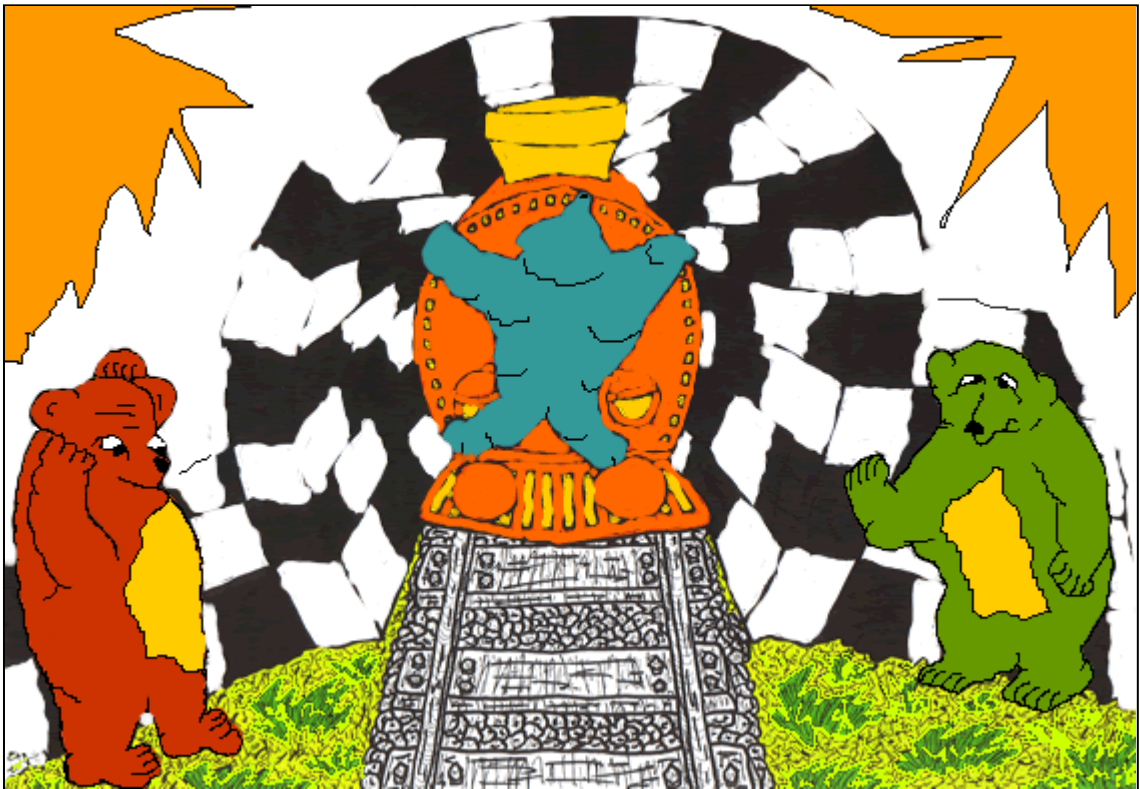

theoretically the variable is congenial to the straight line...but in her ellipseshaped orbit it produces oscillation from zero to infinite...due to this the measure is the beginning of causality towards elements levitating in vacuum...in a manner of speaking a prophylaxis of tangent and cotangent in proportion to gravitation...an equation of plus and minus with the dual complexity as a holistic decision

a headless horse cannot win by a nose

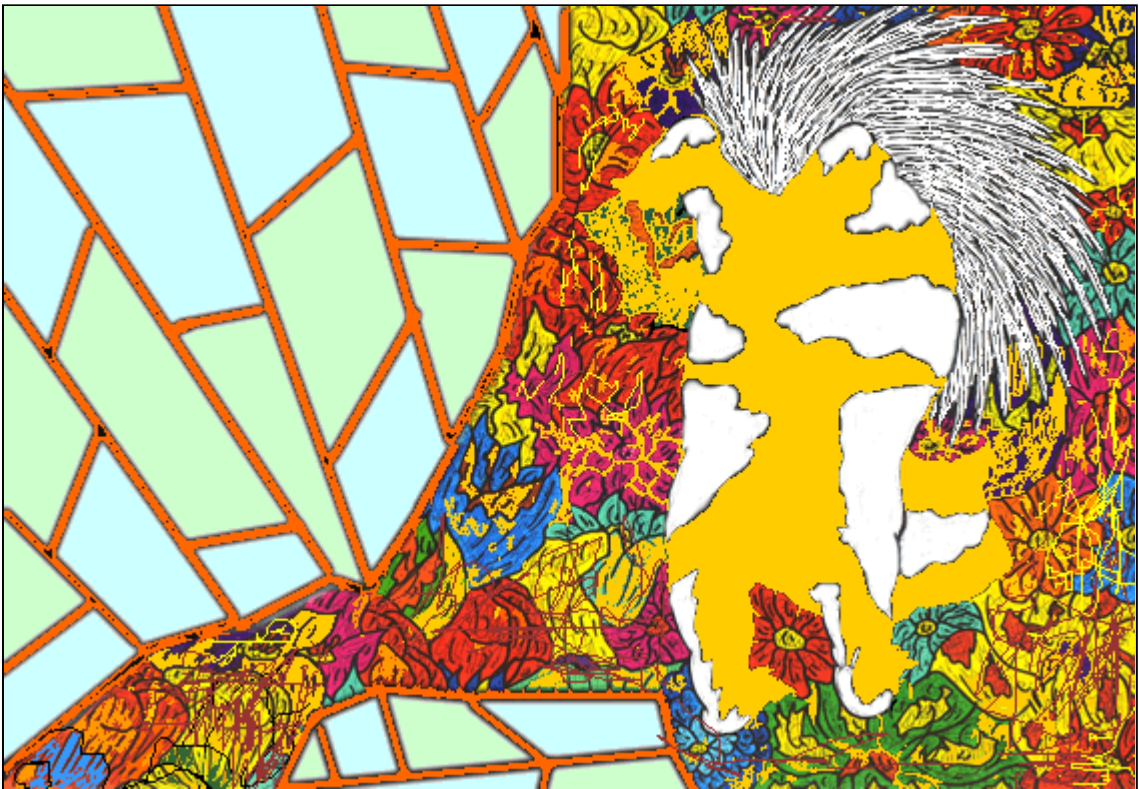

what idiot screams "Metamorphosis" in winter !

what was in those damned mushrooms ?

I search for oil...invent cars...build them badly  
and my future is consolidated

who really stinks - lives a fuller life

it is said to relax the nerves  
and to stop dandruff

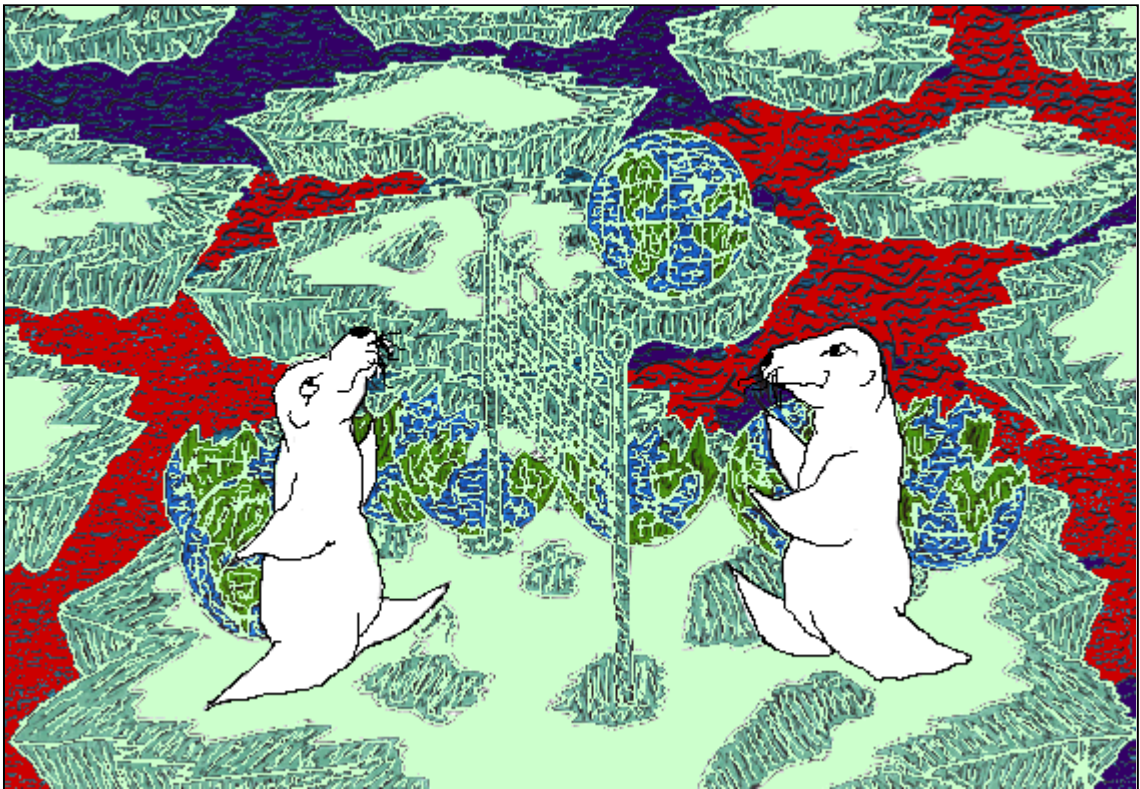

today we practice a fortnight holiday in the city

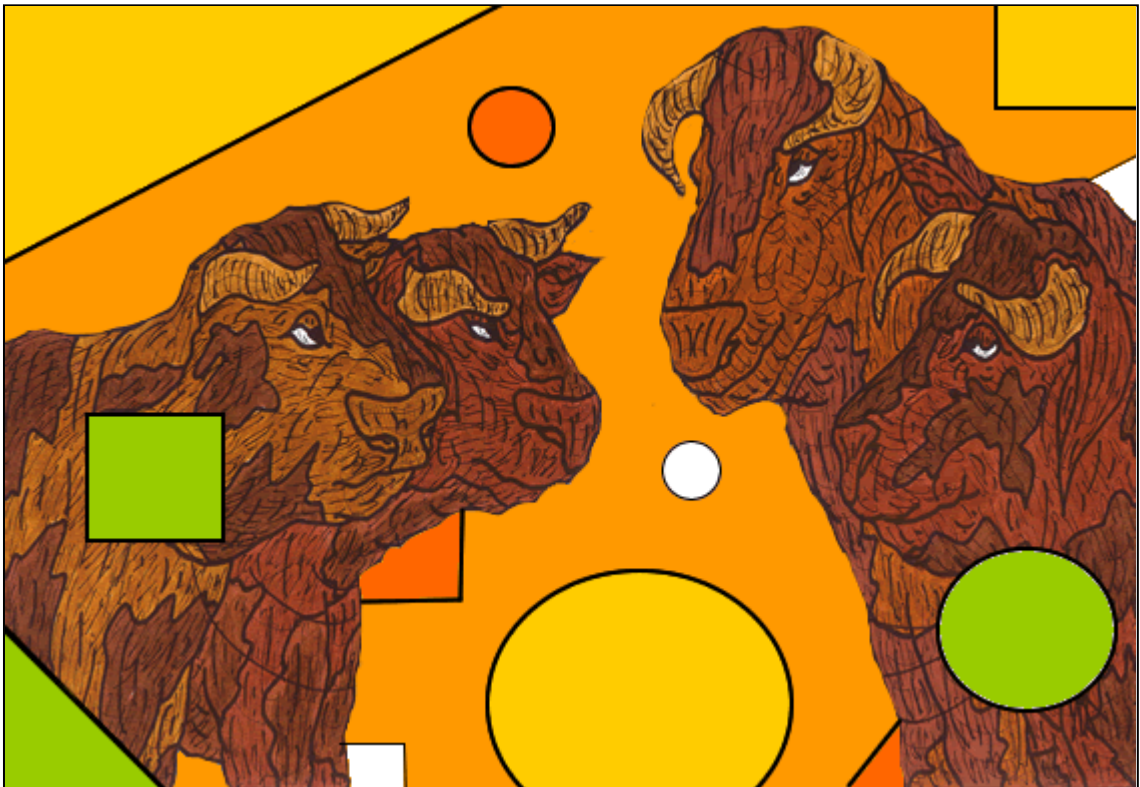

our queen is in love with a white spider

with the wrong contact, they are quite fragile

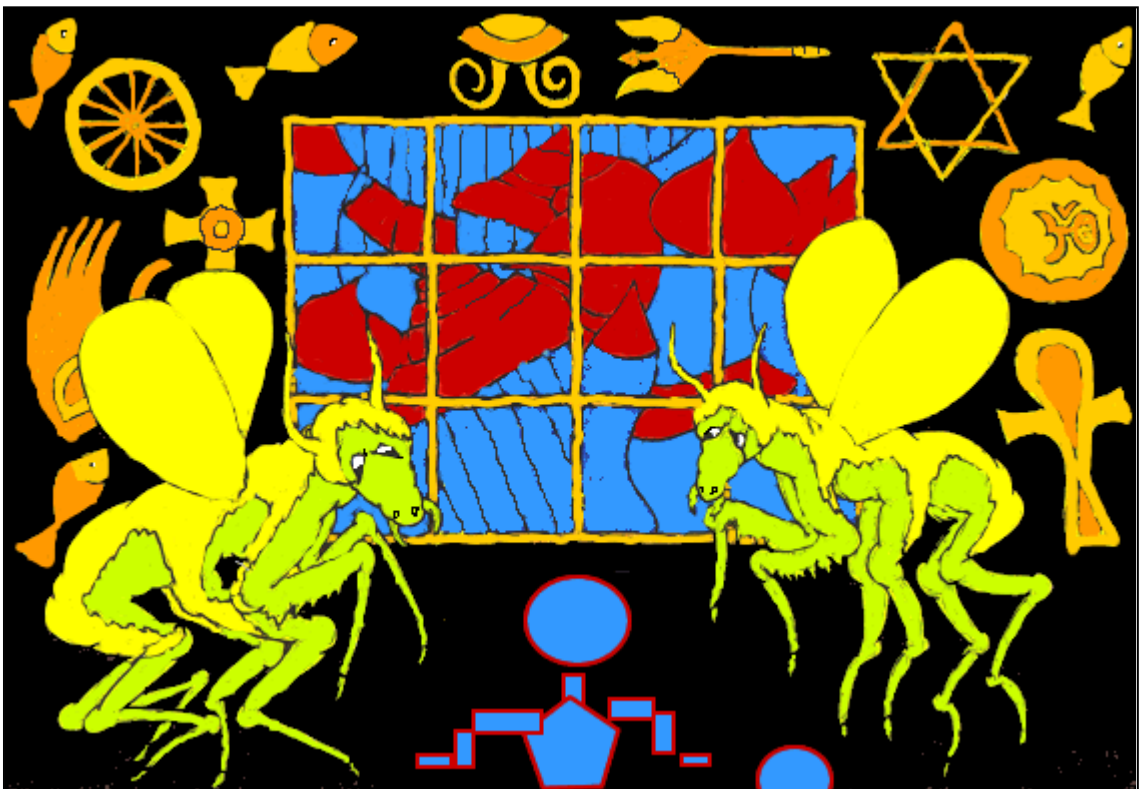

open:Good    closed:You    open:Morning    closed:Greedy  
open:My      closed:Prat    open:Friend

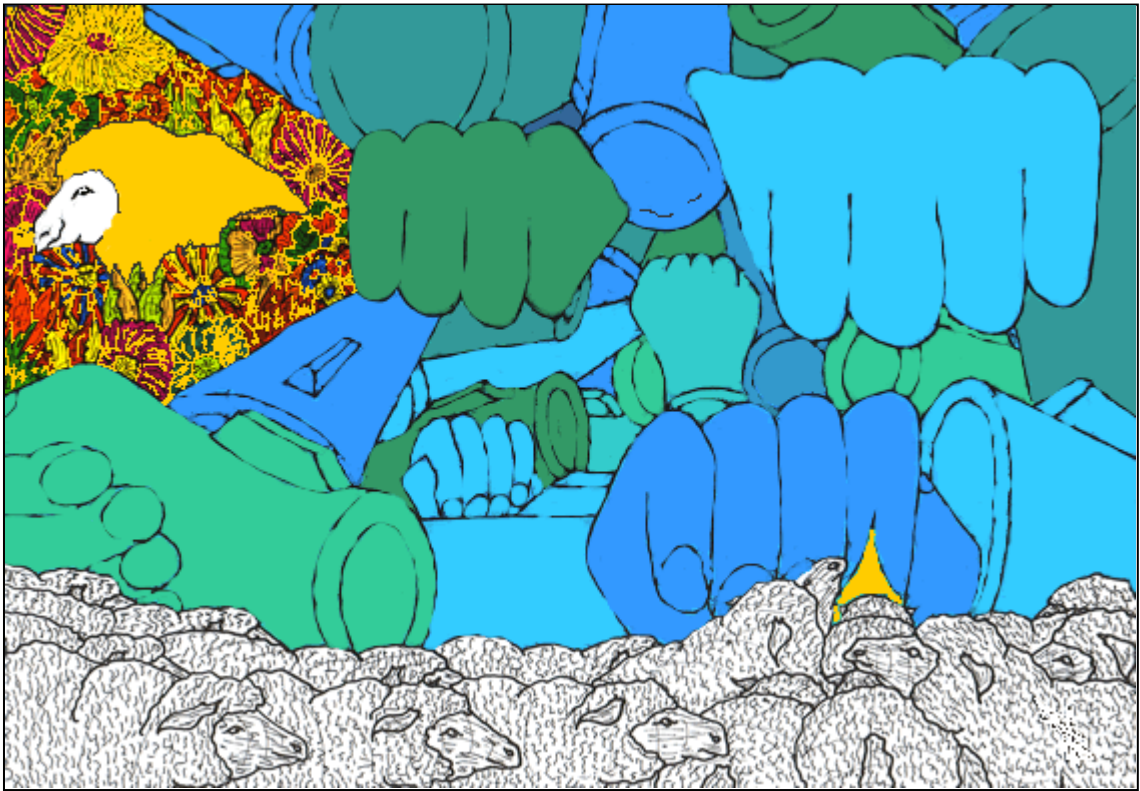

philosophy should be based on the realities of the present therewith comprehend zeitgeist and scientific cognition ... this rapid progression requires thoughts in a matter of seconds ... reconsidering your opinion at short notice and not being averse to revising ... nothing is entitled to the final truth...each thought contains the antithesis within itself

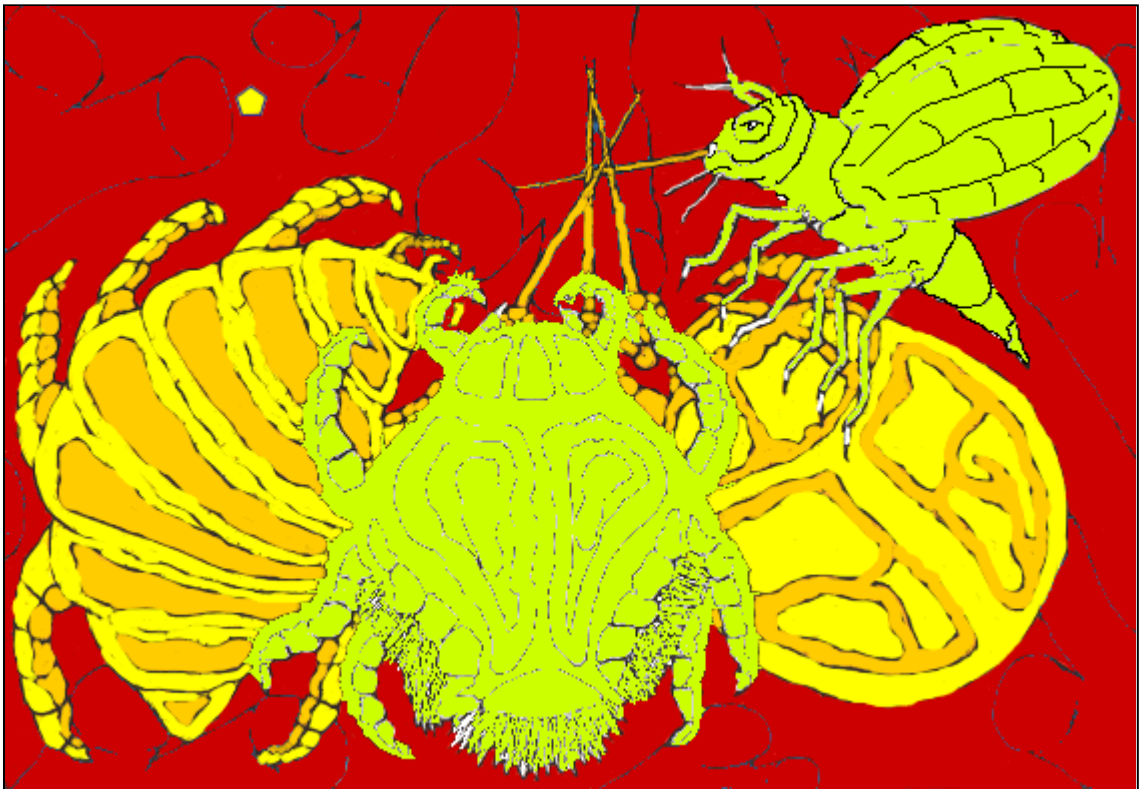

and then they think we are an overthrown table

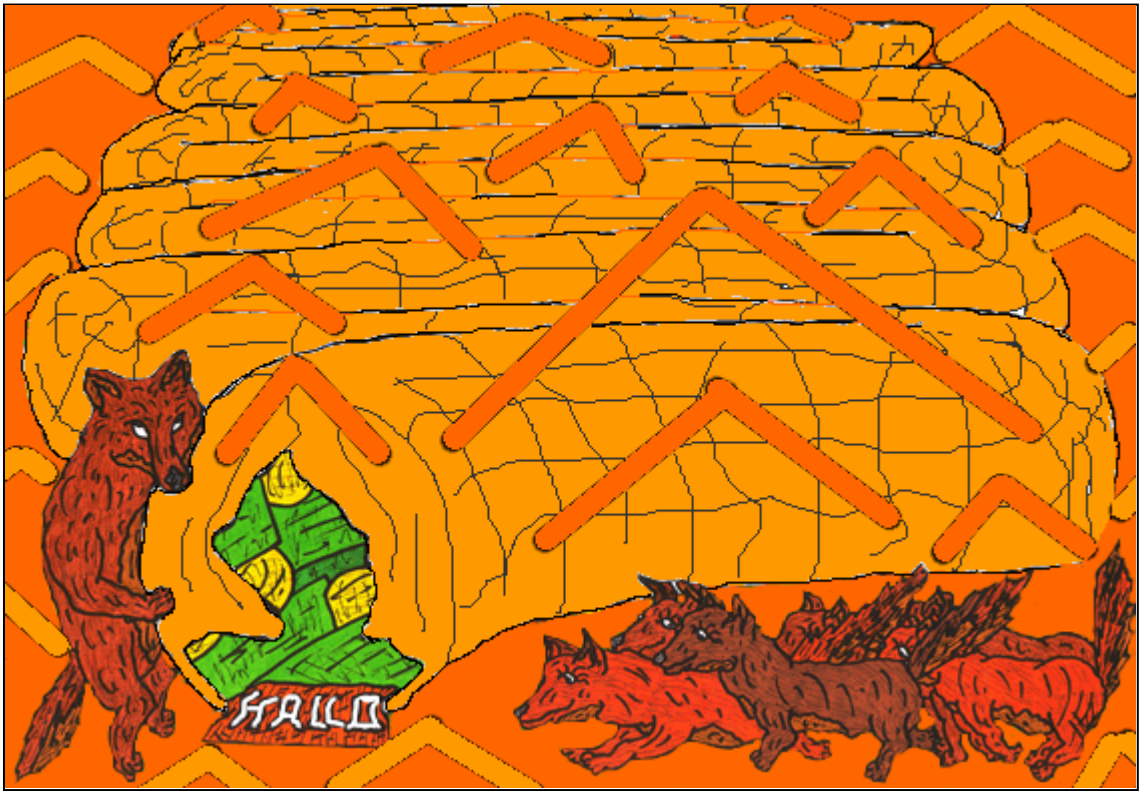

the patriarchate is good enough to eat

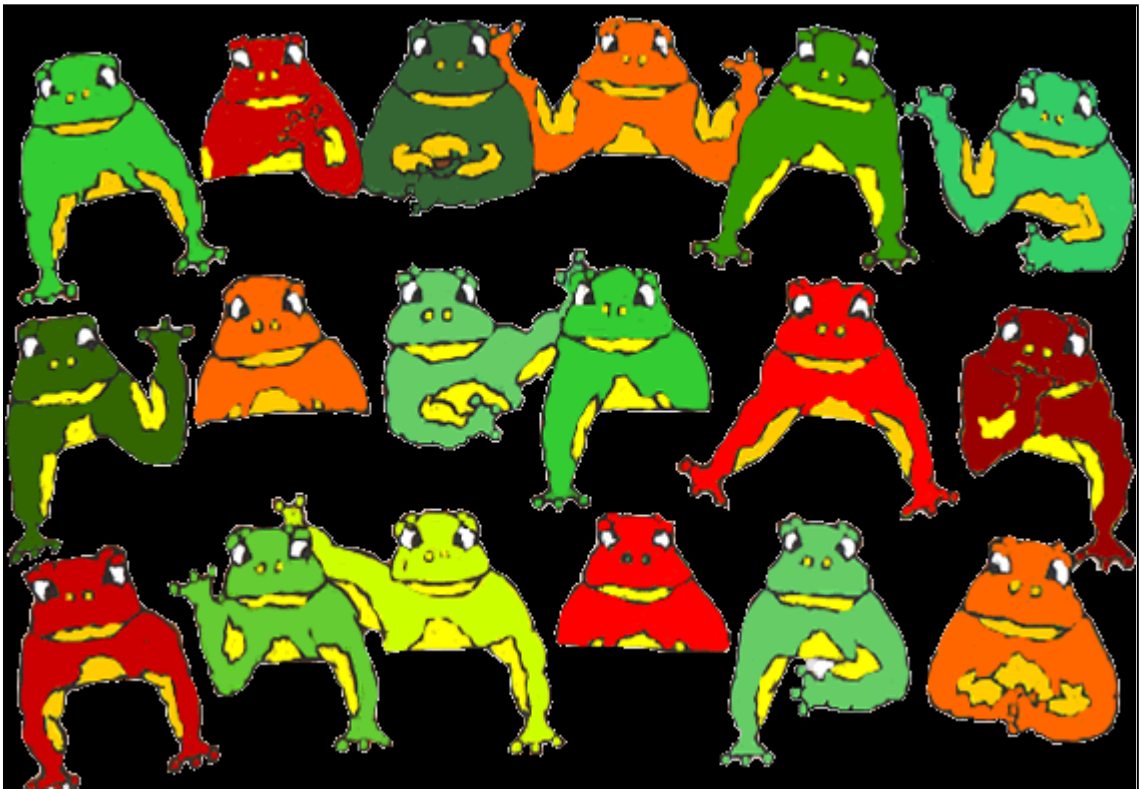

step in ... come inside ! enemies, opponents, adversaries  
in all different intellectual levels

one for all - all on all

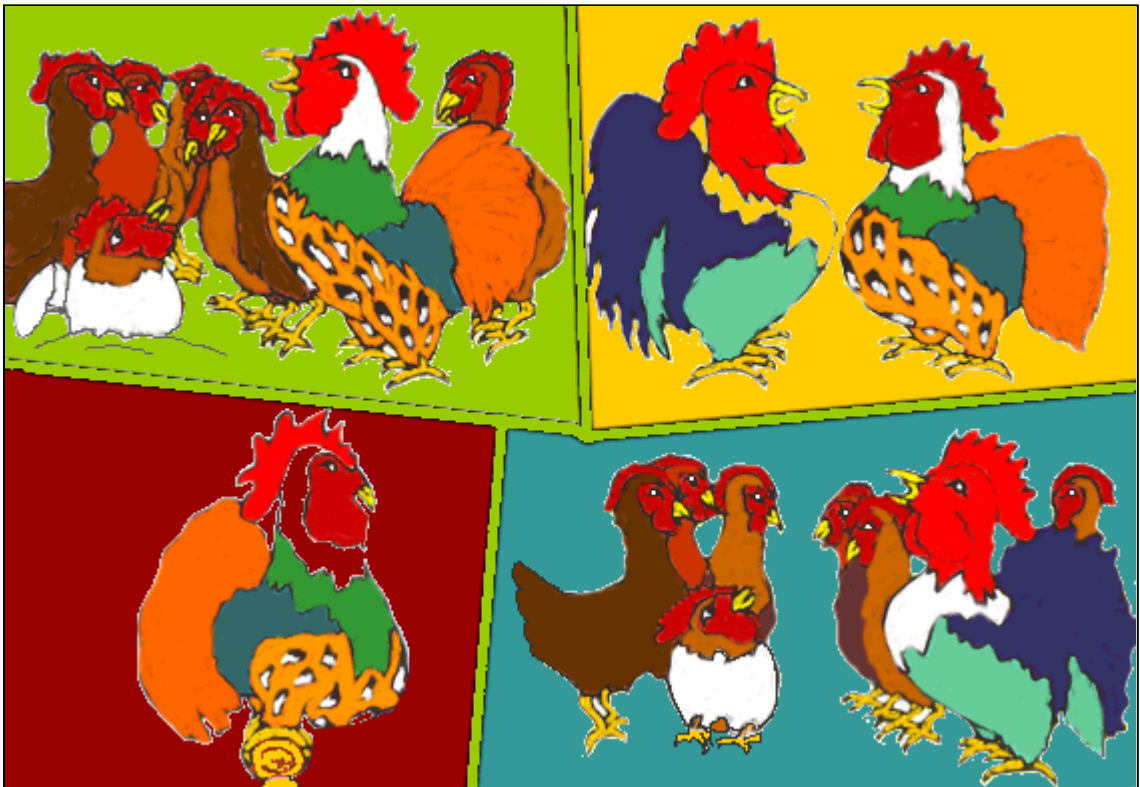

synthetic claws...botox mouths... ear-implants  
...tiger's eyes...dungextracts...

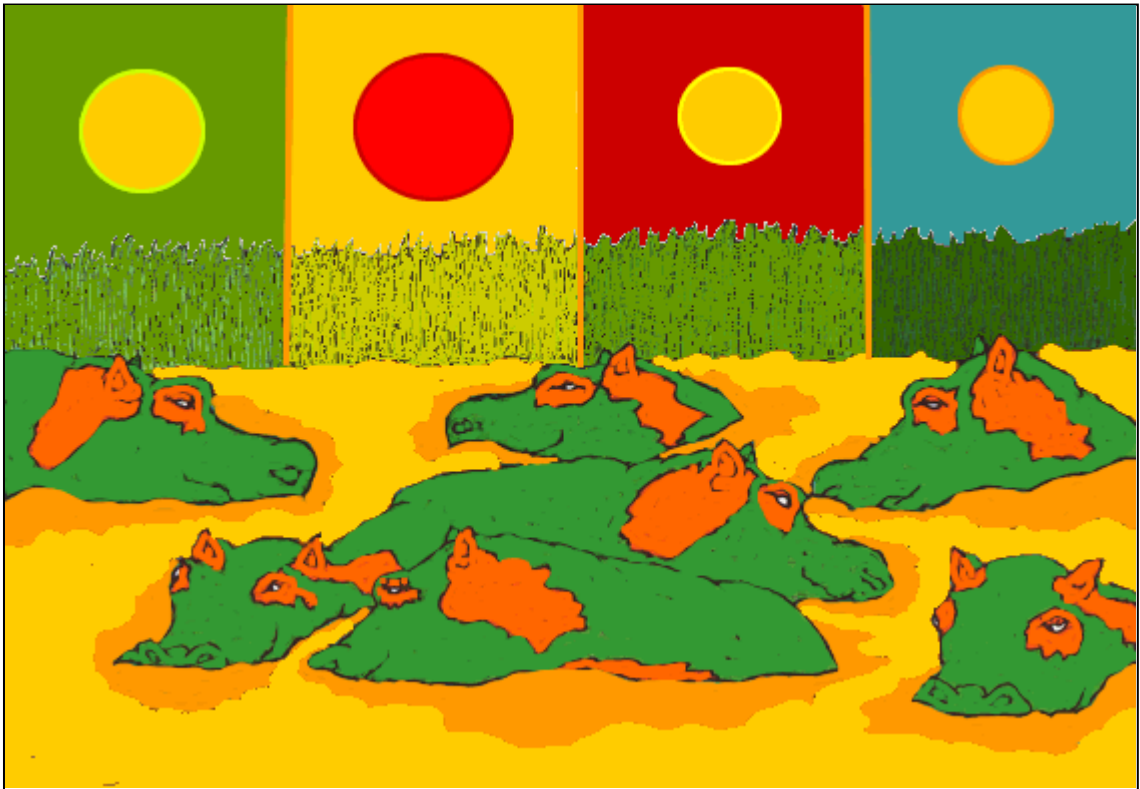

in the name of the United Ponds  
we impose sanctions against the stinking toads

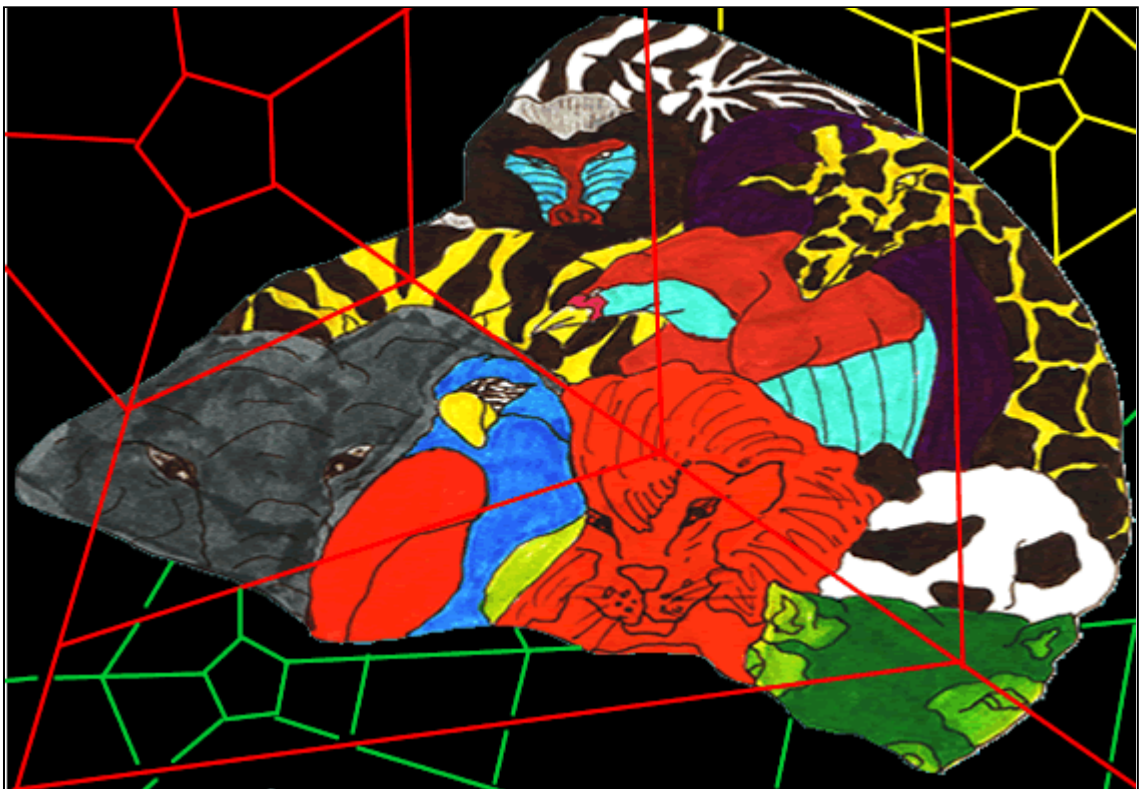

I'm a pig

antiauthoritarian upbringing  
should be called into question

what's the time ... who asks for it ...

the deluxe-voyage-emigration-space-shuttle's  
windows are much too small

Sea Star is an exceptionally gifted illusionist

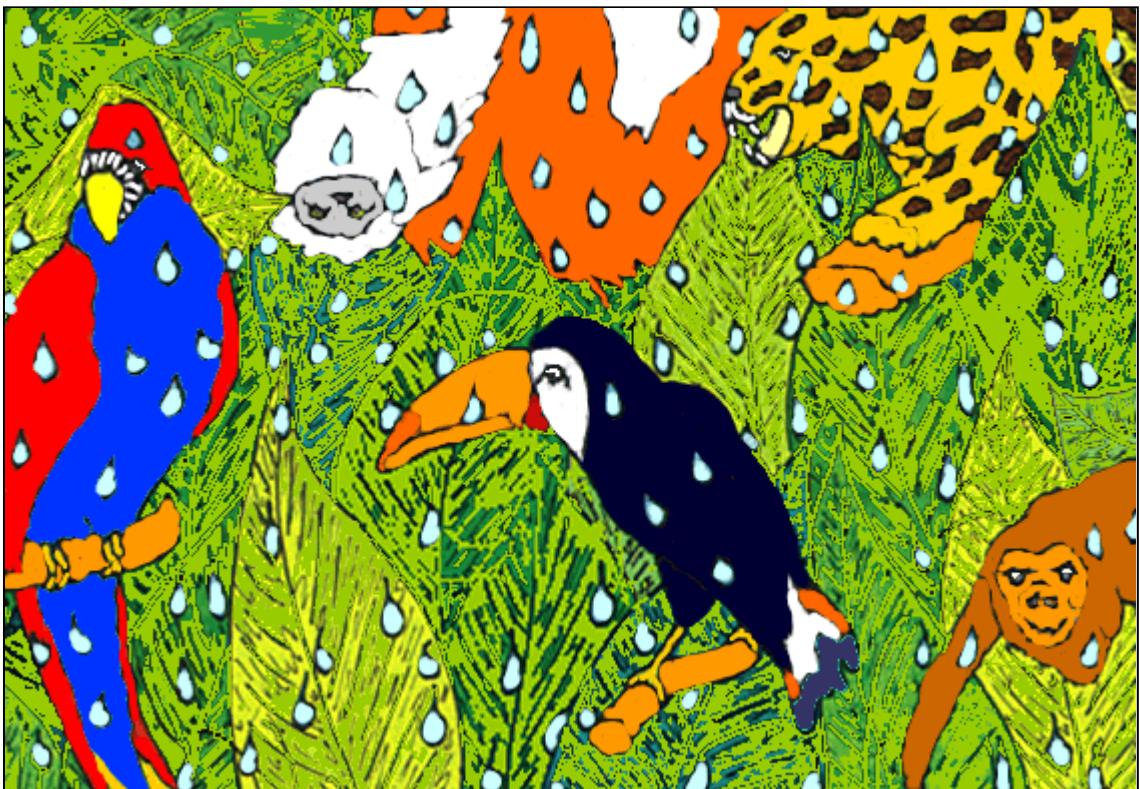

haven't I told you,  
this year we make the breakthrough

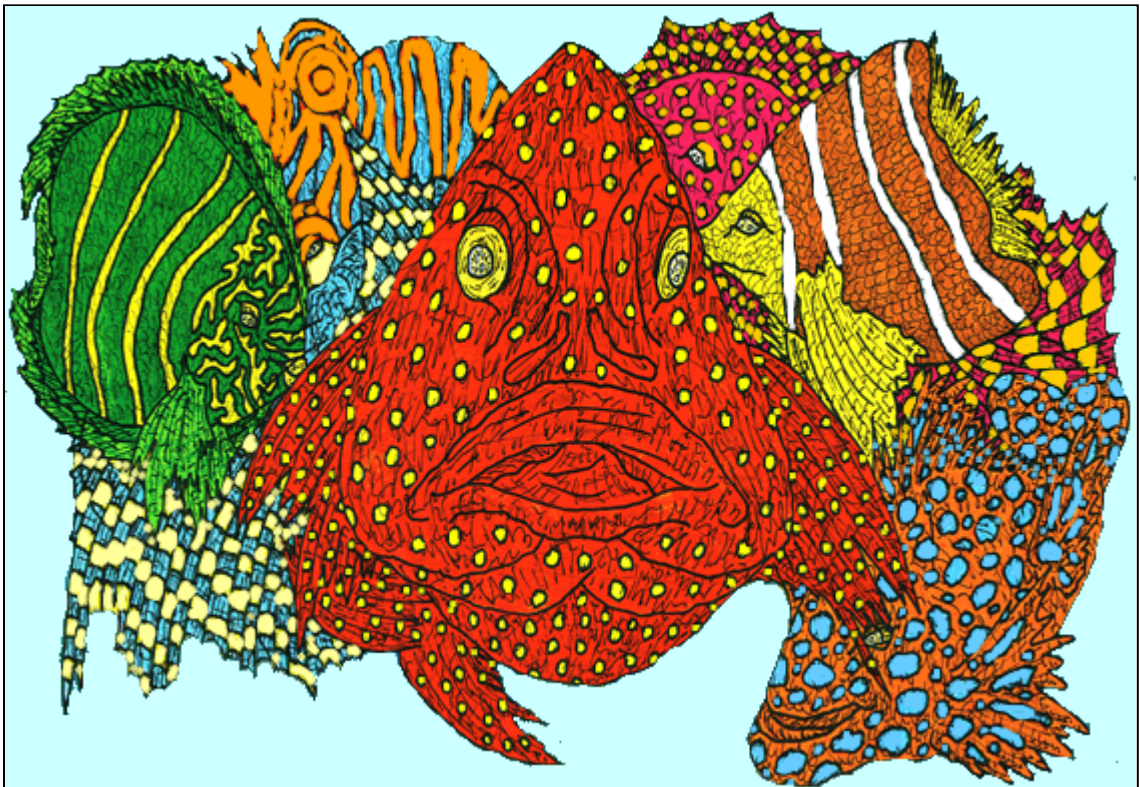

and the winner is - „the bogging swine“

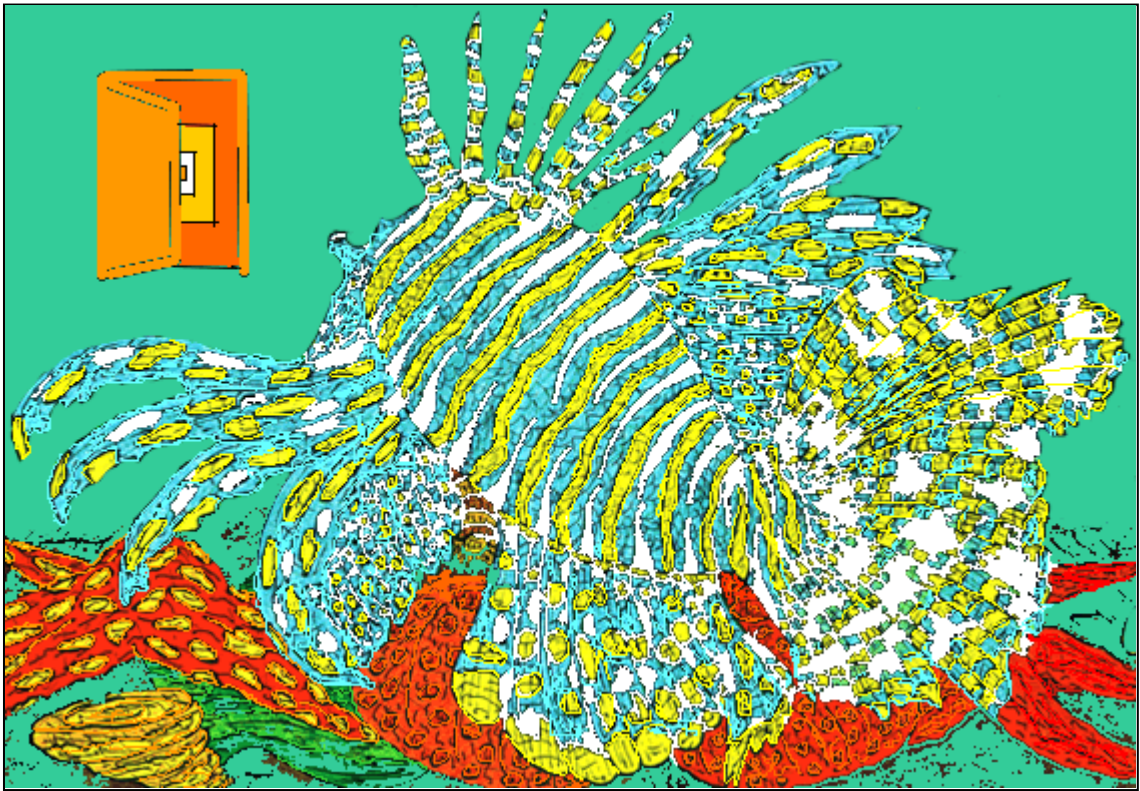

„viper looking for dentist“ what a sad story

since I've seen the fly breeding in the  
hamburger shop I'm a nectarian

i would advise you to shut up „Nonswimmer“

the way out is the goal

this idyll is deadly boring, you see

maybe it's not a rumor after all,  
that the worms camouflage like red-green leaves

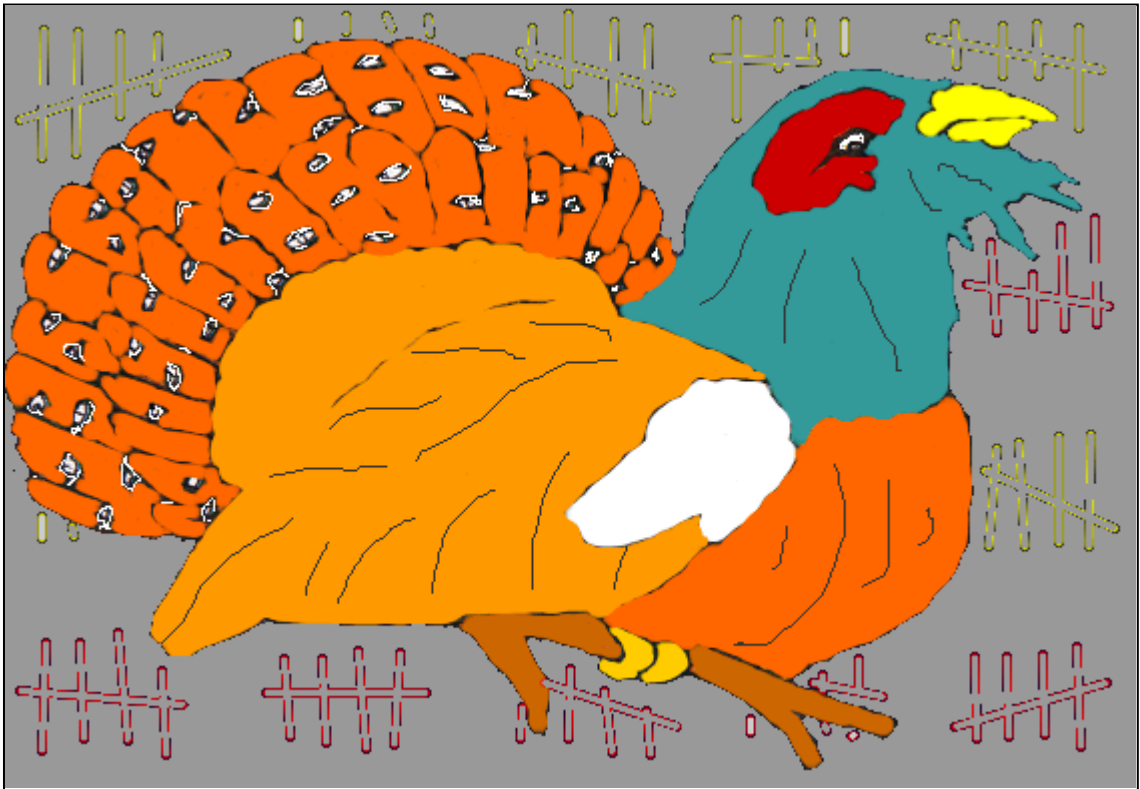

we should consider disposing our dung  
instead of coloring it

there's only crap on tv today

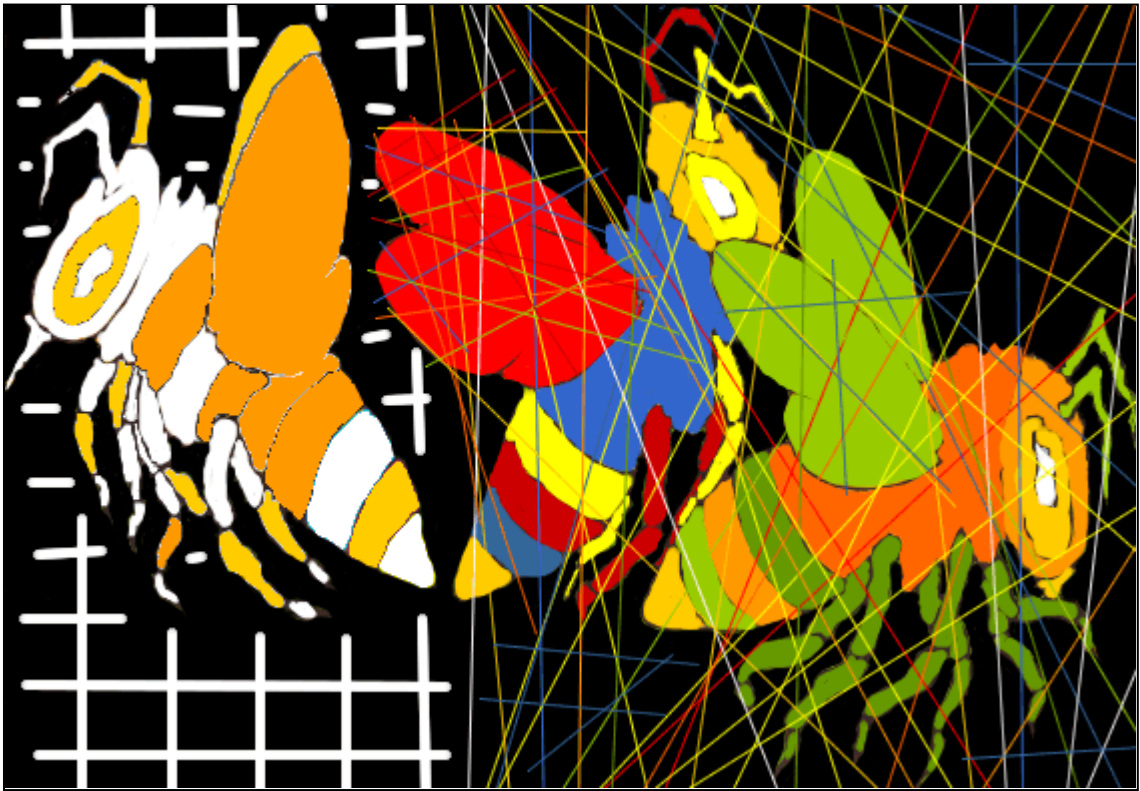

his directions are imaginative  
but horribly imprecise

the question is ...  
for how long will I be out on a limb

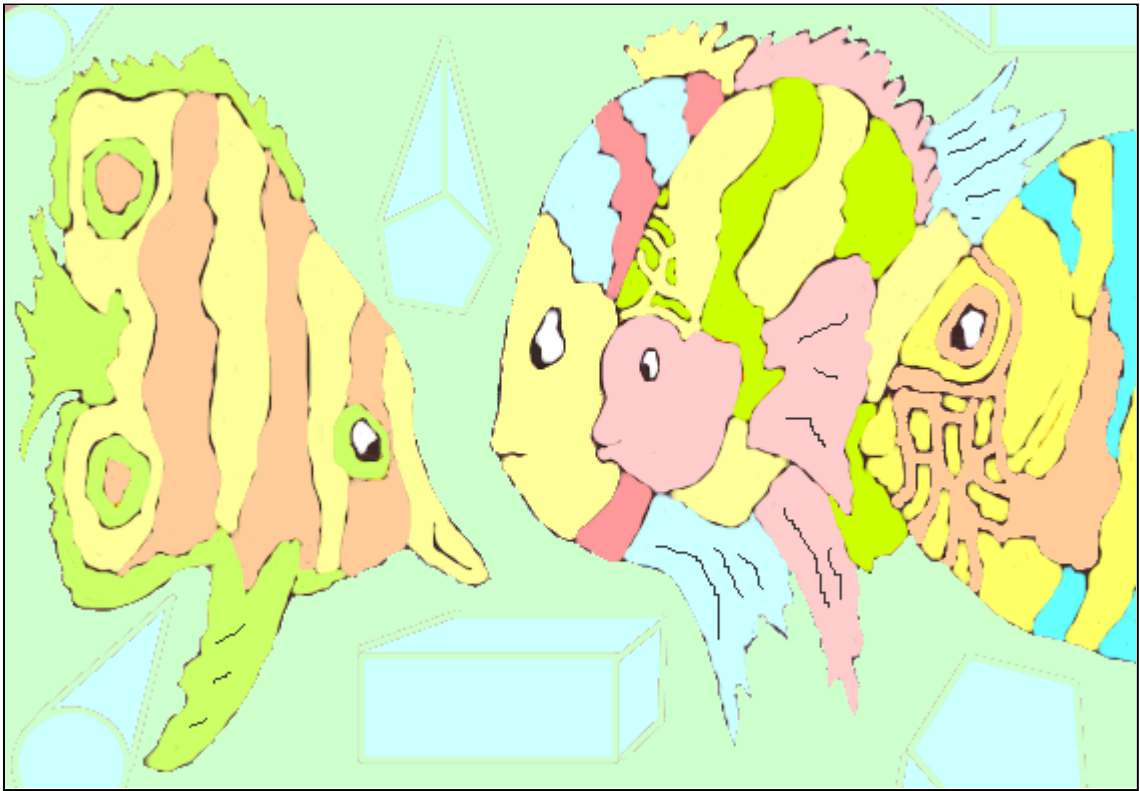

we are on the same wavelength

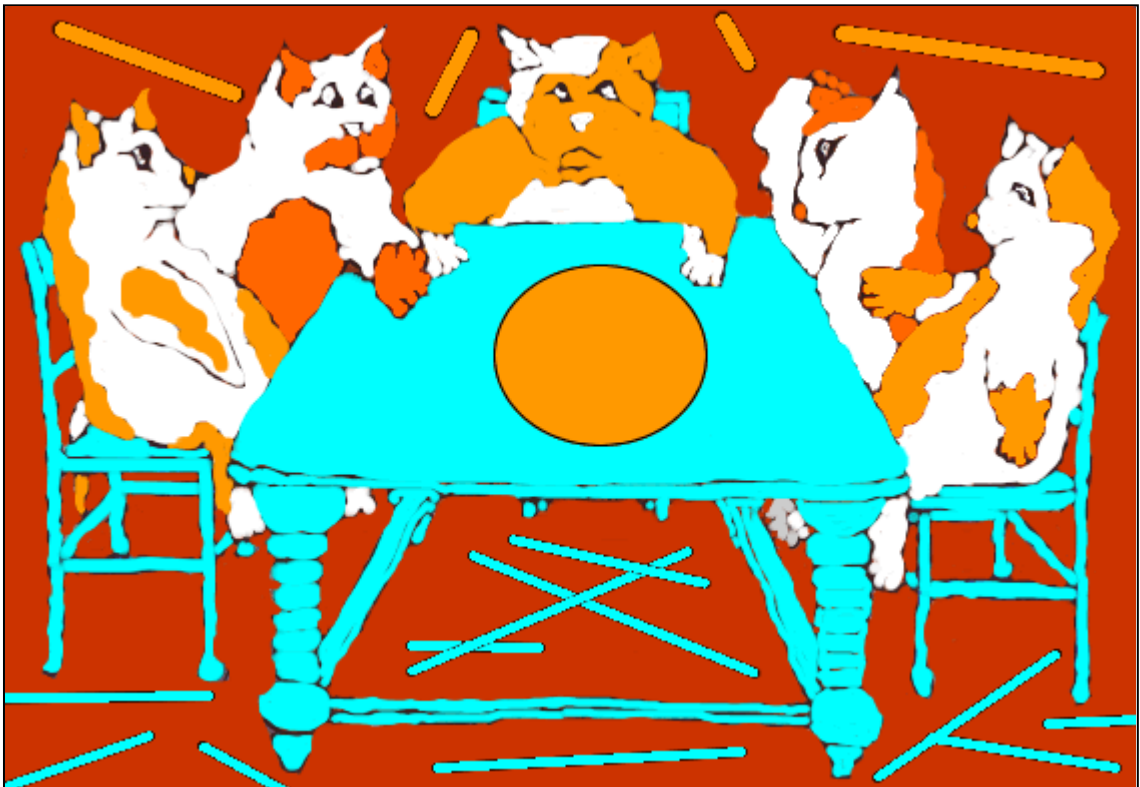

prisoners of your own masquerade ...  
barred dorks

like he said ... shifting a piece of wood  
results in pure madness at the back

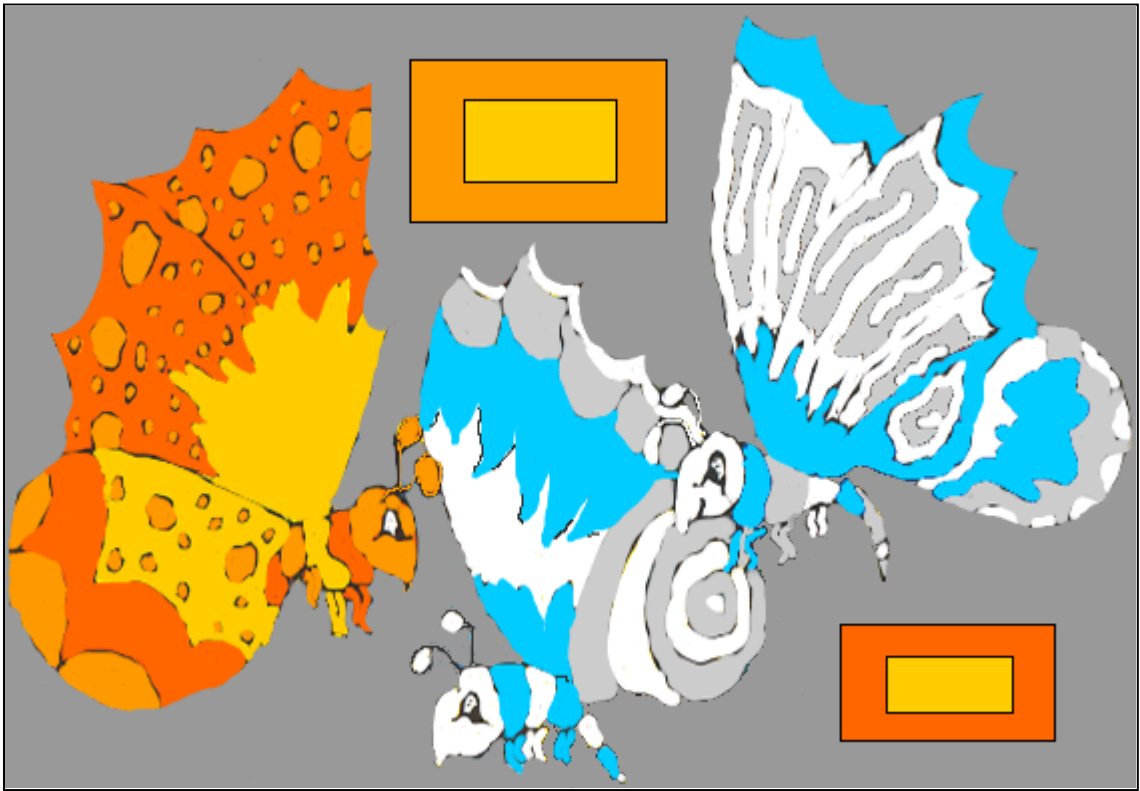

they allure with permanently new estate

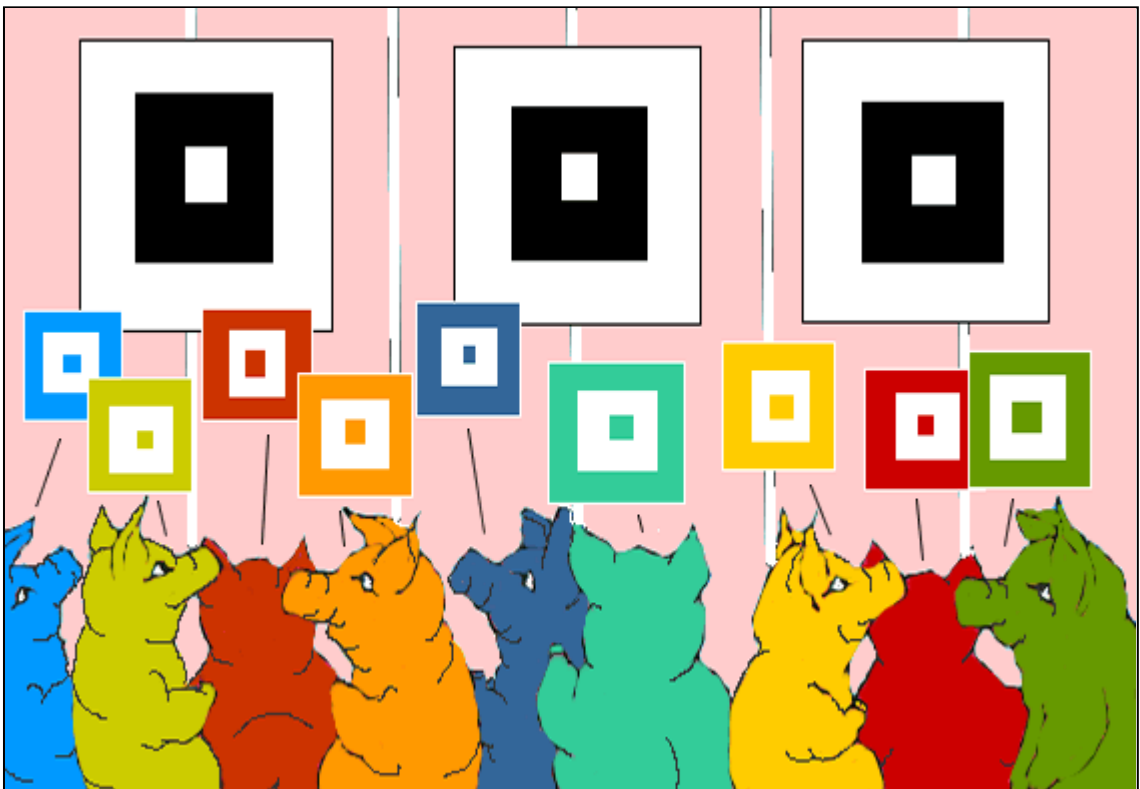

it is our demonstrative right  
that the circle is round

I told you to eat moderate,  
which doesn't mean you have to use a ruler

they misinterpreted the theory of everything
